Submits Report On Municipal Power Plant

SUB-COMMITTEE OF BOND BOARD POINTS OUT MANY ADVANTAGES IN PROJECT

Members Visit Pasadena, Gain Considerable Information of Value; Recommendations To Be Made Later, It Is Announced

A municipal power plant for Glendale is possible, and would pay for itself in time, according to the report made by the sub-committee of the Citizens' Bond committee, appointed to look into the matter of a municipal plant. The report was read by Roy L. Kent, chairman of the sub-committee, at a meeting of the committee of the whole held this morning at the auditorium of the Harvard High school.

A temporary plant for Glendale is not necessary, the sub-committee members declared in its report. At the beginning of the power and light shortage, an auxiliary plant at the pumping station would have helped the city, the report states, but now the emergency is well in hand.

Visit Pasadena Plant
Mr. Kent, J. H. Randall, representing the Fourth Street Improvement association; City Manager V. B. Stone and Peter Dieckman, superintendent of plant and production, visited the municipal plant at Pasadena recently, and looked into the records of that plant. Details of the information they learned are contained in the report submitted today.

Inasmuch as the sub-committee members declared the report was only partial, and asked for further time to investigate the matter, and since no amount of a probable bond issue was given, the report was received and held until next week, on motion of O. M. Newby, representing the West Broadway Improvement association.

Advantages Here
While the members of the sub-committee, headed by Mr. Kent, does not make any recommendations regarding the installing of a municipal plant, facts and figures furnished by officials of Pasadena showing the saving to the people of that city are quoted at length, and the report indicated that Glendale is more advantageously situated than Pasadena to handle a municipal plant here.

There was very little discussion on the report, since Mr. Kent explained it was only partial, and a full and final report would be given later.

Report in Full
The complete report of the sub-committee on a municipal power plant follows:
Mr. D. H. Smith, Chairman, Board Committee,
Dear Sir:

We beg to submit the following report relative to the matter of a power plant for the city of Glendale:

Temporary Plant
Inasmuch as there has been considerable comment and discussion among civic bodies and others relative to the advisability of installing immediately a small temporary power plant designed to offset the curtailment as requested by the Southern California Edison company, we feel that we should give the views and recommendations of the committee in regard to this matter, as we have given the matter considerable study.

At the time the matter of curtailment of the use of power and light first came to the attention of a temporary plant seemed thoroughly logical and really the thing that should be done in the face of conditions as they seemed to exist at that time, but after a thorough investigation of the matter we believe this course of action to be absolutely unnecessary at this time, for the following reasons:

1—Because of our people voluntarily curtailing the consumption of light during the hours of 7 p. m. and 6 a. m., we have reduced our peak load from 3500 kilowatt hours to about 2500 R. W. hours, which automatically produces a schedule which is very acceptable to the Edison company for this period during each day.

2—The fact of voluntary curtailment during the period named above by all consumers of light and power has resulted in a condition which makes it unnecessary for the Southern California Edison company to use any of its storage water between the hours of 10 p. m. and 6 a. m.

3—Because again of the voluntary curtailment during the

Bond Committee to Take Full Week to Consider Reports

There will be no steam-roller proceedings in putting over recommendations for bond issues at any meetings of the Citizens' Bond committee, it was decided at the meeting held today. The report of any sub-committee which recommends a bond issue must be laid over for one week, or until the following meeting, and each member of the Citizens' Bond committee must be furnished with a complete copy of the report, the members voted today.

O. M. Newby, in introducing a motion along these lines, said that members of other sub-committees would be busy working on matters assigned them, and would not have time to investigate all the proposed improvements, but should not be expected to pass on any report asking for a bond issue with only five minutes' notice. The motion carried without a dissenting vote.

CIVIC CENTER PURCHASE FAVORED

Sub-Committee Makes Its Report; Opposition to Municipal Hospital

In a meeting unmarred by controversies and adverse discussions, the members of the Citizens' Bond committee, appointed by the twenty-nine service and civic clubs of the city to assist in settling matters of civic importance, received the reports of three sub-committees at a meeting held this morning in the auditorium of the Harvard High school. The reports were:

Against a bond issue for a municipal hospital.
Recommending the purchase of the Harvard High school site and buildings for a civic center and city offices.

Partial report on a municipal power plant, setting forth the possibilities of such a plant, but making no definite recommendations.

D. H. Smith, representing the Kiwanis club, presided in the capacity of general chairman and received the reports, which were filed with the secretary, Mrs. Frank Weller, representing the Tuesday Afternoon club. These reports in full appear in the columns of The Glendale Evening News today.

Question Raised

The question of accepting a report from a sub-committee when a recommendation was made but the amount of a bond issue not given, was raised, following the reading of the report of the sub-

REPORT OF POSTOFFICE SHOWS CITY'S GROWTH

Statement at Close of Fiscal Year Indicates Continued Prosperity; New Building Soon Will Be Ready For Occupancy, Belief

The growth of Glendale and the increase of business in the city are reflected in the receipts of the Glendale postoffice for the fiscal year ending June 30, 1924, as compared with the figures for the fiscal year ending June 30, 1923. The report of the postoffice was issued today by Postmaster D. Ripley Jackson.

The receipts for the fiscal year ending June 30, 1924, for the entire office, with the exception of the money order fees and receipts, show a net gain of 16.6 per cent over the fiscal year ending June 30, 1923, according to the report.

Total Sets Record
The total receipts for the past year, exclusive of the money order department figures, amount to \$196,023.55. This figure is declared by Postmaster Jackson to be the highest in the history of the local office.

The total receipts for the fiscal year ending June 30, 1923, exclusive of the money order department figures, amounted to \$168,130.46, or \$27,893.09 less than the total for the year which has just finished.

The figures of the money order department are being compiled and will be ready within the next few days, Postmaster Jackson said. It is known that the money order department showed a marked gain over the previous year, however.

Registered Mail
In the registry department there were 2992 more pieces of mail registered during the past

Auto Dealers Elect T. B. Smith Director

The Glendale Motor Car Dealers' association, meeting today at the Alley Inn, elected Thomas B. Smith, of the Jesse E. Smith company, as a director, to fill the vacancy caused by the resignation of James French, who has retired from the automobile business here.

The next meeting of the association will be held on Wednesday, August 6.

Federal Co-operation In Oil Suits Pledged

WASHINGTON, July 9.—Assurance of government co-operation in state oil and gasoline prosecutions was given a committee of the National Association of State Attorneys General by Attorney General Stone today.

RAIL HEADS CONFER

LOS ANGELES, July 9.—William Sproule, president of the Southern Pacific, will arrive in Los Angeles this evening for a conference with local railway officials.

LATEST NEWS

WHEAT CROP SHOWS SEVEN PER CENT DROP
WASHINGTON, July 9.—The world wheat crop to date amounts to 1,555,000,000 bushels, compared with 1,674,000,000 bushels a year ago, a decrease of seven per cent, the department of agriculture announced this afternoon. The condition on July 1 was 71. Only once before, in 1903, has the condition been below 80 at this time of year.

FOREST FIRE THREATENS GIANT TREES
KERNVILLE, Cal., July 9.—More than 400 men, 200 of them conscripted early today when the monster conflagration broke bounds and rushed toward Kane Springs, were concentrating their efforts on the west side of a blaze which is advancing on a ten-mile front into some of the finest redwood timber in California in the Sequoia national forest. Thousands of giant Sequoias have already been reduced to ashes and should the blaze cross to the west of Kane Springs today small hope is held for the massive groves standing in that vicinity. There have been no casualties to date, it was announced, and no towns are endangered.

POWER FROM NORTH TO AID SOUTHLAND
LOS ANGELES, July 9.—Northern California hydro-electric and steam generated power will be diverted to southern California during the present water shortage in this section of the state, according to arrangements announced today by the state railway commission.

BOOM WALSH FOR SECOND PLACE ON TICKET

Convention Adjourns Until Tonight; Thrilling Scenes As Choice Is Made

NEW YORK, July 9.—John W. Davis of West Virginia and New York was nominated for the presidency by the Democratic national convention here this afternoon. His nomination was accomplished on the 103rd ballot ending the most extended deadlock that ever existed in any major political convention. It came only four ballots after the withdrawal of the deadlocking pair, W. J. McAdoo and Albert E. Smith.

Senator Tom Walsh of oil investigation fame, was immediately boomed for the vice-presidency. He did not take kindly to the proposed honor and, in the face of protest, declared the convention recessed until 8 o'clock tonight.

Had Walsh wanted the vice-presidency he could have had it in two seconds, merely by keeping still.

But, during this hectic week of deadlock, the chairman of the convention has told his friends he did not want it and wouldn't have it. He is practically assured of re-election to the Senate from Montana this year, and he likes the Senate.

It appeared at 4 p. m., however, that he would have a hard time ducking the honor.

The delegates went away satisfied they were coming back tonight to name Walsh and he may be nominated against his will unless he can get the leaders together and stop it in the next four hours.

"I think it would be unwise personally and for the party for me to accept the vice-presidential nomination," said Walsh.

"I have a good chance to come to the Senate again from Montana and I do not want to waste my time as a mere presiding officer."

Michael Igoo of Illinois tried to place Walsh in nomination, but Walsh ruled him out of order.

"I am sure," said Walsh, "it is the part of wisdom not to act on the impulse of the moment in this profoundly important question now before us. Deeply conscious of the honor you would pay me, I beg to tell you I have given careful consideration to the matter to which you refer and I am sure we should adjourn to convene again this evening."

Stampede Looms
There were loud cries of dissent and "No, no," and "Walsh Walsh" from the floor. Walsh began to get panicky. It looked like the home hungry delegates were going to stampede right over the platform and name him anyway.

A dozen men were clamoring

RAILWAY EFFECTS ELECTRIC SAVING

G. & M. Revises Schedules to Economize on Power In Present Shortage

By holding rigidly to a carefully planned conservation schedule the Glendale & Montrose Railroad has effected the twenty-five per cent reduction in consumption of electric power, according to a statement by P. L. Hatch, general manager of the line. Since the conservation measures have been put into effect, the consumption has been reduced to well below the danger line, he says.

The first step taken by the electric road was a revision of its running schedule to cut out all unnecessary trips. The schedule now being used and which will undoubtedly continue in effect for some time, calls for a car to leave both ends of the line every half hour on both the Eagle Rock and Montrose lines. Formerly, a car left every twenty minutes on the Eagle Rock line throughout the day and at like periods during the morning and evening rush hours on the Montrose line.

Cut Out Stops

Along with this revision, all stops that are little used have been cut out, thus reducing the time between terminals. The stops that have been done away with, have been selected with care to inconvenience the passengers as little as possible, Mr. Hatch states. These measures have met the demands of the Southern California Edison company.

The road has two power houses, one in Glendale which obtains electricity from the public service department, and one in Montrose which receives current direct from the Edison company. The Glendale power house normally uses 2200 kilowatts and this has been reduced to 1400. The normal consumption of the Montrose station is 1000 kilowatts which has been reduced to 750.

Mr. Hatch declares in a statement to his patrons that every attempt has been made to provide a satisfactory service and still meet the demands for conservation. Rather than build up an irregular schedule which would be confusing to commuters the half hour schedule has been arranged.

BUYS POSTCARDS BY TRUCK LOADS

Harrower Laboratory Orders \$4800 Worth of Mail Matter at Once

An order for postal cards delivered by a large truck!

This is the way the Harrower Laboratory, 920 East Broadway, received what they term only a portion of their yearly supply of postal cards yesterday afternoon. There were 480,000 postal cards in the order, representing an expenditure of \$4800. The cards were secured direct from the government printing plants by Postmaster D. Ripley Jackson for the Harrower Laboratory, since the order specified a certain kind, and such a large amount.

Instead of being single cards, such as the average person buys at the postoffice, these cards come four to the sheet, or "strip" as the government officials class them. The Harrower Laboratory uses over two million postal cards each year, all of the "strip" variety, Postmaster Jackson said.

Big P. O. Customer

"We buy the postal cards in strips instead of single ones to make the printing easier," said R. E. Spicer, manager of the institution. "If we bought single cards, we would have to print them one at a time. By getting the strips, we can print as many as forty-eight at a time if the printer sets the form that way. After they are printed in strips, it is an easy matter to cut them the proper size, after which they are addressed and mailed."

The Harrower Laboratory is one of the postoffice's best customers, Postmaster Jackson said. When the schedule for the new airplane service was announced, the institution purchased a quantity of special airplane mail stamps and are now sending all their important letters by air, thus saving considerable time.

Farmers Thresh Wheat, Hold for High Price

QUINCY, Ill., July 9.—Threshing of wheat was started in the bottomlands near here this week, with a yield that varies from twelve to thirty bushels. Local elevator men report the farmers are holding for higher prices, confident they will get \$1.30 at least this year. That means prosperity for them.

G. O. P. Notification Ceremony Postponed

WASHINGTON, July 9.—The Republican presidential notification ceremonies, scheduled for July 24, will be postponed until the middle of August, it was announced at the White House.

To supply work for the unemployed, a 44-mile highway is to be constructed in Scotland.

SEEK ROOMS FOR SYNOD DELEGATES

Presbyterians Will Assemble For Week's Meeting In Glendale Church

The Presbyterian synod of California, with representatives from Arizona and Nevada churches, will meet in Glendale on July 24 for a seven-day session, the meetings to be held in the Glendale Presbyterian church, according to an announcement by Rev. W. E. Edmonds, pastor of the local congregation, who is now working to secure accommodations for the thousand delegates who are expected to attend the sessions.

"There will be a thousand representatives at this meeting of synod, which will hold day sessions continuously in the church building for seven days," says Rev. Edmonds. "Ministers and laymen, equal in number, together with many of the wives, will be our guests during this period. The invitation to this representative body was given a year ago with the hope that one or two large hotels would be completed by the time the synod met. Soon after our invitation was accepted, the local committee discovered that such hotels would not be ready, hence we find ourselves very greatly embarrassed. To relieve the situation we have asked the co-operation of one or two nearby Los Angeles hotels, also one hotel in Pasadena, and the dormitories on the campus of Occidental college. We shall use the local hotels as far as their accommodations will permit.

Wide Appeal

"The time has now come for us to make a city-wide appeal for people to open up their homes in this matter of entertainment to the extent of furnishing room and breakfast free of charge. The local congregation will take its full share of this responsibility, and we are now appealing to the pastors and officers of other churches, together with the various civic, fraternal and social organizations, to rally to our support in every possible way. If anyone in Glendale is willing to furnish room and breakfast for one or more delegates, either men or women, or both, they are asked to call the church office, Glendale 2139, or call in person, letting us know at the earliest possible moment just what can be depended upon."

REALTY CONCERN AIDS NEWCOMERS

List of Triangle Properties Include Money-Makers, Executive Claims

The Triangle Real Estate and Insurance company, which has offices at 400 1/2 South Brand boulevard, is putting forth special efforts to be of assistance to newcomers in every possible way, according to Mrs. Ella M. Larson and H. E. Christian. Mrs. Larson states: "As a part of our policy of aiding the newcomers one will find everyone in our office with a real and sincere desire to serve you and to help make your stay in Southern California a pleasant and profitable one. Our lists of properties for sale in Glendale, The Fastest Growing City in America, include hundreds of real money-making opportunities and many that can be handled with a surprisingly small amount of ready cash.

Helpful Climate

"No community in all the southland offers more delightful homes to the home-seeker than Glendale, and none can compare, from the investors' viewpoint, for quick and sure profits. Tujunga, Sunland, Flintridge and other towns surrounding Glendale are famous for atmospheric conditions that almost invariably prove of benefit to those suffering from bronchial troubles.

"We have had many chances to help newcomers here in locating satisfactorily and we believe our experience will prove helpful to others. We extend a cordial invitation to everyone to make this office your headquarters; meet your friends here; use our telephone without charge; have your mail forwarded in our care if you wish. Let us aid you in any way and every way we can and you will not be considered a prospect, but a friend."

Stepson to Aid Dorris Beat Murder Charges

LONG BEACH Cal., July 9.—Wesley Ruggles, famous motion picture director and stage actor, has arrived here from New York to join in the fight to clear his stepfather, Charles William Dorris, Long Beach realtor, of charges of murdering the actor's mother, Mrs. Theresa Ruggles Dorris, and Dorris' business associate Mentry D. Meyer, Pasadena millionaire.

Yosemite Visitors Pass Former Records

CAMP CURRY, YOSEMITE, Cal., July 9.—Yosemite travel through July 5 reached the astounding total of 52,674, a gain of more than 1600 over 1923 travel of the same date and the greatest during the week of any week in the history of the Yosemite park. The greater number of tourists entered the park in motor cars.

DEFEAT LIBRARY BONDS AT POLLS

Issue of \$47,000 Falls Short Of Needed Two-Thirds Vote at Election

Glendale's \$47,000 library bond, for the acquisition, construction and completion of public library buildings, fixtures and equipment, voted on at a special municipal election yesterday, was defeated when one of the lightest votes ever cast in the city was counted last night, out of a registration of over 13,000 voters.

The unofficial figures show: For the bonds, 607; against the bonds, 394. Total votes cast, 1001.

A two-thirds majority was necessary to carry the bond issue. Two-thirds of the votes cast would be 668.

Early reports indicated the contest would be close, but, as figures came in from other precincts, it was seen that the bonds faced defeat. In only four of the eight special precincts did the number of votes cast run over 100, while one precinct showed a total of only twelve votes cast.

Precinct Returns

There were 190 votes cast in

WELCOME NEW CHURCH MEMBERS

Baptists Celebrate Twenty Years of Growth Here; Pastor Honored

A reception for new members held last night at the First Baptist church, also celebrated the twentieth anniversary of the church and the fifth anniversary of Rev. Ernest E. Ford's coming to the pastorate. Reports state that over 150 persons were in attendance.

Mrs. H. Park Arnold arranged the program and presided as mistress of ceremonies. Piano solos were given by Mrs. Eva Kurtz Ghrist and vocal numbers by Mrs. H. W. Carver.

The welcome to the new members was given by Preston L. Hatch, financial secretary of the church. Mrs. Perry Maxwell responded for the new members.

Gift of Flowers

Mr. and Mrs. Ford were honored when Mrs. Arnold, on behalf of the company, presented them with a bouquet of lovely flowers.

The roll call by states showed that California led with Illinois second.

Mrs. R. M. Morrow, chairman of the social committee, helped arrange the affair.

GLENDAL GIRL'S BETROTHAL TOLD

Coming Marriage Announced At Brilliant Party In Women's Clubhouse

It was most significant that Mrs. Adelaide H. Imler of 336 West Park avenue should have chosen the beautiful Tuesday afternoon clubhouse for a bridge and mah jongg affair yesterday afternoon, announcing the betrothal of her daughter, Marjorie Adelaide Imler, to Louis Niles Waterfall of Berkeley, for Miss Imler is a native of Glendale and Mrs. Imler is a charter member of the Tuesday Afternoon club.

The marriage of Miss Imler and Mr. Waterfall, to take place Friday, August 1, at the Glendale Presbyterian church, will culminate a romance begun on the campus of the University of California in Berkeley, from which both young people graduated in 1922. The young couple are to reside in Berkeley.

Guests yesterday were received in the lounge room and later enjoyed bridge and mah jongg in the palm court. Mrs. and Miss Imler were assisted by Mrs. E.

Vacation School to Hold Pet Hobby Show

A pet and hobby show on Friday, July 18, is to be the final feature of the daily vacation Bible school now in progress at the Glendale Presbyterian church. The school work, under the efficient direction of Miss Anita Fletcher, is progressing splendidly. Today the pupils are enjoying a picnic outing in Eagle Rock park. They motored to the park at 11:30 o'clock this morning, and are enjoying games and contests with prizes.

Italian Masons Honor Mattison B. Jones

Word received from across the Atlantic states that Mattison B. Jones, prominent Glendale resident, who is traveling abroad with Mrs. Jones and daughter Winifred, was honored June 9 in Rome, where he was made honorary member of the Grand National Consistory of Ancient and Accepted Scottish Rite Masons of Italy.

The Jones family plan to arrive July 17 in London, where Mr. Jones will attend the convention

Odd Fellows to Hold Lodge Installation

Officers-elect are to be installed Thursday night by Glendale I. O. O. F. lodge, No. 388. The ceremony will take place in the lodge hall on West Broadway. The installation will be in charge of District Grand Master Willey of Van Nuys. All Odd Fellows in Glendale will be welcome at the affair.

of the International Bar association.

Oil Magnate Attacks Indictment's Validity

WASHINGTON, July 9.—The validity of the indictment charging him with conspiring with ex-Secretary of the Interior Fall to defraud the government, through the Teapot Dome oil lease, was attacked by Harry F. Sinclair in a motion filed in the District of Columbia Supreme court, declaring the indictment illegal because representatives of the department of justice took part in the deliberations of the grand jury. A similar position is taken by Edward L.

C. C. Secretary Speaks At Kiwanis Luncheon

Secretary E. F. Sanders of the Chamber of Commerce spoke at today's luncheon of the South Pasadena Kiwanis club, taking as his subject the relation of the citizen to Chamber of Commerce work. The secretary of the Alhambra Chamber of Commerce spoke on the relation of the Kiwanis club to the Chamber of Commerce.

Doheny, under indictment for conspiracy and bribery.

A Life-Prolonging Discovery

By C. H. Woodward

WHEN the Creator made man in His own image, He did not make him to be diseased.

Disease is not of the image of the Creator.

The epoch-making revelation of the Law of Life is the result of one of the greatest discoveries in the history of civilized man.

This discovery deals with one of the commonplace things of life, but it is actually taking Time from Eternity and putting it into the life of man.

The Secret of Longevity

Man lives only about twice the period of his maturity, while most other animal life lives eight to ten times its period of maturity.

Since the physical fact we call life is always the same wherever we find it, just as disease is always the same and just as death is always the same wherever it may exist, why is man's life so short as compared with other animal life?

Life's Five Fundamentals

Natural air, natural water, natural sleep, natural exercise, and natural food are essential to the continuity of life.

Deprive any living creature of natural sleep and its functions will alter and death will inevitably follow. The same inevitable result will follow the deprivation of natural air, natural water, or natural exercise.

As everyone knows, the same thing happens when any living creature is deprived of natural food. But here is the secret of a stupendous mistake humanity has made. It has attempted to substitute unnatural or denatured substances for natural food.

No one would tolerate the substitution of unnatural or denatured air, or polluted and denatured water, and few will accept unnatural sleep.

Mankind has shortened his existence thru his unthinking use of unnatural or denatured food.

The Law of Life

The law of life is replenishment. The law of health is the law of life. We breathe to replenish, we drink to replenish, we eat to replenish, we sleep to replenish and we exercise to replenish.

Replenishment means to put back in kind the exact thing used up. We eat to replenish the blood stream with its sixteen elements in balanced-relation, and we eat for no other purpose whatsoever.

Only with natural food can we comply with the law of life—never with the use of denatured food.

The Great Discovery

Natural wheat is the best single natural food substance known to man because it alone contains every identical element daily required for replenishment of the blood stream. A handful of fertile earth, a grain of natural wheat and a formal human body contain identically the same substances.

In the cooking of food, there are five destructive forces or influences. First, the minerals are distilled out into the cooking water or moisture. The second, evaporation of some of the moisture takes place, and this results, third, in precipitating or depositing the minerals, which were made

soluble in the moisture, on the cooking vessel, (every one has seen lime deposited in the tea-kettle from boiling water) and fourth, during this evaporation and distillation the oxygen of the air combines with the soluble minerals and changes them into oxides; (the oxides of a mineral are like the rust of iron. Iron rust is merely oxidized iron. Who would trade a strong bar of iron for the handful of rust the oxygen of the air will change it into (?), and, fifth, excessively high temperature.

The Whole Grain Wheat company of Chicago has discovered and perfected a method of cooking natural wheat without denaturing it through the effect of any of these forces. This method is protected by the United States government. Neither evaporation, distillation, precipitation nor oxidation takes place in the cooking of Whole Grain Wheat which is merely natural wheat just as it comes from the harvest field in its whole berry form, to which nothing has been added, but a pinch of salt, and from which nothing has been removed or taken away, nor is it subjected to temperature having a destructive influence.

It is natural wheat cooked ready to eat in its full potency as a replenisher of the blood for the first time in the history of the world.

Its Astounding Effects

Whole Grain Wheat is not a medicine, nor a "health" food, as one may try to classify it when told that more than 74 human ailments have responded to its twice-a-day regular use. While it appears to be the most potent corrective of disease that mankind has ever known, its great place in the life of man is as a preventive of disease.

Its regular twice-a-day use tends to make sick people well, not as a remedy for any specific manifestation of disease, but because it replenishes the blood stream with all the elements necessary to normal function and natural life, and when the blood, which becomes depleted because unnatural food or denatured food cannot replenish it, has been replenished, the abnormal or altered function, which we call disease, disappears, whatever name it may bear or in whatever part of the body it may exist, because it is unnatural to be diseased.

Only Four Causes of Disease

Disease is merely altered function. It is a departure from the natural. Disease, or altered function, only exists or arises because of a violation of the law of life.

The four causes of disease are: Denatured Food, Denatured Air, Denatured Water, and Violence—any interference with the functions of the body from outside sources, such as a blow, or pressure which obstructs the flow of the blood, or a break of the protecting skin, or any interference through the physical senses.

The regular twice-a-day use of Whole

Grain Wheat has so replenished the blood stream of the user that where there existed asthma, goitre, palsy, tuberculosis, constipation, high blood pressure, low blood pressure, diabetes, Bright's Disease, paralysis, rheumatism, neuritis, eczema, piles, stomach ulcers, these have disappeared, and over-heavy individuals have reduced to normal while those underweight have increased to normal, thus proving the law.

The regular twice-a-day use of natural food is just as necessary for compliance with the law of life as is the regular use of natural air, natural water, natural sleep and natural exercise.

Learn the Joy of Real Life

The potency of "rich, red blood" has long been accepted as the heritage of those who gain the things worth while, and do the things which make the story of our achievements.

Let the discovery of this great principle become a factor in your progress by causing it to put into your veins the "rich, red blood" that brings normal function to every life-cell of your body.

Let it make every life-throb produce a thrill which a keener alertness of mind and body can transmit into a degree of happiness and contentment never before attainable.

Let it banish fatigue, and all the poisons arising therefrom which age your being; bring to you a refreshing sleep that ends when the morning comes with a wide-awakeness that sets your feet in the way of duty with a joy, and turns the working hours into opportunities for achievement. Health is your birthright of life, and natural food is one of its fundamentals.

A Remarkable Guarantee

Whole Grain Wheat is available only through the local Food and Health Clinic in each community, and in cases of one dozen tins (sufficient for twenty-four days for one person) at \$2.25, or in cases of four dozen at \$8.30, delivered.

Whole Grain Wheat is guaranteed to improve the user physically and mentally when used twice daily for 24 days or money refunded. It is used and endorsed by doctors and scientific men of the highest standing.

"The Motive"

The greatest monthly messenger of health that has ever been made available to the people is "The Motive." It is published to bring to the home a working knowledge of the principles underlying health and to guard the family against disease. Send for one. A copy will be sent free upon request.

Ask the Food and Health Clinic how you can step out of the stagnation of disease into the powerful potency of health, and thus reach over into Eternity and take from it the Time that is rightfully yours.

UNITS TO FIGHT FIRE ORGANIZED

Eight Group Leaders Named To Lead in Protection Against Flames

Leaders of seven units were present at the meeting that was called last night by the fire prevention committee of the Chamber of Commerce to perfect the organization of the Glendale branch of the Angeles Forest Protective association, Vice-President D. H. Smith, who presided in the absence of President W. E. Hewitt, turning the gavel over to W. J. Curran, chairman of the committee.

The group leaders and the organizations they represented are: J. C. May, Exchange club; W. B. Halligan, P. P. Newport company; John F. Rowell, city water department; Ray C. Poirall, city street department; Dan Kelly and R. E. Downing, Rotary club; James E. Kuntz, Curran Construction company. Barnum, Walters company of Spar Heights will organize a unit under the command of Don Urquhart.

The Glendale Realty board and the Glendale Advancement association, both of which have agreed to raise teams, were not represented at last night's meeting. Other clubs and civic departments are yet to be organized, but it is expected that before the next meeting, to be held Wednesday, July 16, more than the original ten units sought for the Glendale branch will have been formed.

P. J. Stayselden, a member of the committee, stressed the fact that a large area in California is being swept by forest fires at this moment, and that strenuous efforts must be made at once to protect this region from disaster. He showed a chart outlining the entire organization of the local branch, and told the plans that are being made to secure the immediate formation of at least ten units that will be ready to wage an effective fight against fire in this section.

Many summer vacationists, he stated, are refusing to camp in the hills this season, for fear that they may be impressed into service to fight fires, and also because of the risk of being trapped by a forest fire.

F. P. Newport and M. Walters, both large property owners in the hills adjacent to Glendale, pledged their support and co-operation in making the fire-fighting units as efficient as possible in the shortest possible time, and urged that the training of the men be started at once, with field days and maneuvers under conditions as closely approximating actual fire fighting as they can be made.

FOOD AND HEALTH CLINIC LAUNCHED

Expert Dietitian to Conduct Instruction Class in Glendale Office

With the object of disseminating information regarding correct eating and to render available certain foods of recognized value in establishing and maintaining health, the Glendale Food and Health Clinic has been opened at 801 North Central avenue. This is a branch of the Los Angeles Food and Health Clinic.

The director of the clinic is W. A. Gardner, who, with Mrs. Gardner and their daughter Patricia, came to Glendale recently from the east, where Mr. Gardner had established a reputation in this line of work.

The instructors in the clinic do not attempt to administer medicine or to offer medical advice, although it is closely in touch with the California Educational Food council, which numbers among its members many doctors and expert dietitians.

Urges Fresh Fruit
Mr. Gardner declares that the reason it is beneficial to eat fresh, uncooked fruits and vegetables is that they retain all the life and health-giving qualities, while the process of cooking them causes a loss of these qualities by evaporation, oxidation and precipitation, so that much of their value is lessened.

Mr. Gardner is conducting a health course this week at the Tuesday Afternoon club in connection with his educational work.

Goat Killed by Dogs In Ferocious Attack

TUJUNGA, July 9.—Two dogs, presumably large and ferocious, attacked and killed a goat owned by Miss Elizabeth Benedict, 308 East El Centro street, and were in the act of chewing up another when discovered and driven away. The dogs escaped before irate neighbors could unlimber firearms.

Sunday School Will Picnic at Pasadena

TUJUNGA, July 9.—The Sunday school of the Tujunga Community church will picnic at Brookside park Saturday, July 12. All members and their friends have been invited. A program of sports and games will furnish diversion.

Waterglass was used as a top dressing for sand on a road in Switzerland that still is in good condition, at the end of three years.

That Surpasses All

Styles

INCLUDED in this assortment of House Frocks are styles and sizes for young maids, comely matrons and stout women.

The style assortment is so complete that any woman regardless of her taste, can find just the type model best suited to her.

Each one of the House Frocks is a masterpiece in both workmanship and design. Their finish and smart design are the acme of perfection.

Materials

ALL the House Frocks are fashioned of Amoskeag ginghams in guaranteed fast colors.

There are hundreds of pretty new patterns now so much in the limelight of fashion.

All women are familiar with the well-known fabrics found in these garments. They enjoy a firmly established reputation for colors that are sun fast and tub fast.

A House Frock Sensation No Woman Can Afford to Miss

Newest Fashions

IN every one of these graceful House Frocks you will find an irresistible style—smarter and more advanced than those you ordinarily see.

All the smart models are extremely well cut House Frocks in dignified treatments especially designed for the women's figure. They are the low-waisted, straight-line styles so much in vogue.

Stout women will find specially designed slenderizing models.

These House Frocks possess every feature that the most particular woman could ask for in cut and finish.

Trimings are most desirable. Different applications of dainty piques, organdies, tie-mo and combination pipings in harmonizing and contrasting colors give distinction to the models. Unusual sleeves and large novel pockets increase the beauty and charm of styles.

COME EARLY AND MAKE YOUR SELECTION FROM ORIGINAL ASSORTMENT

Carefully Tailored

THESE House Frocks are not merely sewed but are carefully tailored and have the same finish you insist on having in selecting your street apparel.

Natural sloping shaped shoulders fashioned to show natural contour of shoulders—comfortable well fitting sleeves—new style extension cuffs—perfect fitting collar—desirable neckline—filled seams—full length sash in fashionable width. And liberal wide hems.

Gathered at front and back—joined at waist—and shirred at hips—creating a most perfect fit.

Carefully designed to insure maximum style, comfort and service.

CITY PRINTING

NOTICE OF ANNEXATION
ELECTION

ORDINANCE NO. 963

AN ORDINANCE OF THE CITY OF GLENDALE PROVIDING FOR THE HOLDING OF A SPECIAL ELECTION ON THE 30TH DAY OF JULY, 1924, FOR VOTING ON THE ANNEXATION OF THE CITY OF GLENDALE TO THE CITY OF LOS ANGELES, AND GIVING NOTICE OF SUCH ELECTION AS PROVIDED BY LAW.

WHEREAS, the Council of the City of Glendale on the 22nd day of May, 1924, received a written petition asking that certain territory therein described, contiguous to said City, which said territory is situated in the County of Los Angeles, State of California, and is more particularly described in said petition in words and figures as hereinafter in this Ordinance described; and

WHEREAS, said Council of the City of Glendale has determined that said petition is signed by not less than one-fourth in number of the qualified electors residing in the aforesaid territory, as shown by the registration of voters of said County; and

WHEREAS, the said new territory so proposed to be annexed to said City of Glendale does not form a part of any municipal corporation, and it appears that said new territory is inhabited, and that the occupants thereof are bona fide residents of said territory; and

WHEREAS, said petition contained a request that the Council call a special election in said new territory proposed by said petition to be annexed to the said City of Glendale, and submit to the electors residing in said new territory the question whether such new territory shall be annexed to, incorporated in and made a part of said City of Glendale;

THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE:

SECTION 1: That notice is hereby given that in pursuance of the provisions of an Act of the Legislature of the State of California entitled, "An act to provide for the annexation of territory to municipal corporations, for the incorporation of such territory into territory in and as a part thereof, and for the districting, government and municipal control of such annexed territory," approved June 11, 1913, and designated and referred to as the "Annexation Act of 1913," it is hereby ordered that a special election be held and a special election is hereby called to be held in that certain territory hereinafter described on the 30th day of July, 1924, for the purpose of submitting to the qualified electors residing in said territory the question whether such new territory shall be annexed to, incorporated in and made a part of said City of Glendale, and the proposition to be so submitted at said special election shall be the following:

That it is proposed to annex to said City of Glendale said territory hereinafter described.

That said territory is hereby designated and shall be referred to and indicated upon the ballots to be used at said special election as "Mountain Street District."

That upon the ballots to be used at said special election, in addition to the other matter required by law, there shall be printed the words: "Shall Mountain Street District be annexed to the City of Glendale?" "Yes" and

"Shall Mountain Street District be annexed to the City of Glendale?" "No" and there shall be a voting square to the left of and opposite each such proposition.

That the qualified electors residing in such territory so proposed to be annexed to the City of Glendale are hereby directed to vote upon the question of the annexation of said territory to said City by stamping a cross (X) in the voting square after the printed word "Yes," or by stamping a cross (X) in the voting square after the printed word "No." If an elector shall stamp a cross (X) in the voting square after the printed word "Yes," the vote of such elector shall be counted in favor of the annexation of said territory to the said City of Glendale; and if an elector shall stamp a cross (X) in the voting square after the printed word "No," the vote of such elector shall be counted against annexation.

That for the purpose of holding and conducting said special election, one voting precinct, denominated as Mountain Street District Election Precinct, is hereby established and designated, the boundaries of which precinct shall be co-extensive with the boundaries of the territory proposed to be annexed, as hereinafter particularly set forth, and the polling place at which the polls will be held in said precinct and in the territory proposed to be annexed to the City of Glendale is established and designated as follows, and the following named election officers therefor are appointed, to-wit:

MOUNTAIN STREET DISTRICT ELECTION OFFICERS

Comprising all the territory hereinafter set forth and proposed to be annexed to the City of Glendale and designated by this Ordinance as Mountain Street District:

Inspector: H. N. Landon.
Judges: Myrtle D. Landon, Freda Szlaskiewicz.

The polls of said election will be open at six o'clock P. M. on the 30th day of July, 1924, and will be kept open until seven o'clock P. M. on the same day, when the polls shall be closed, except as provided in Section 1164 of the Political Code of the State of California.

The ballots to be used at said special election, the opening and closing of the polls, and the conducting of such special election shall be in conformity, as near as may be, with the laws of the State of California concerning general elections, except as otherwise provided herein and in that certain act of the Legislature of the State of California hereinafter mentioned.

SECTION 2: That the territory proposed to be annexed to said City of Glendale, and in which said special election shall be held, is situated in the County of Los Angeles, State of California, and is particularly described as follows:

All that territory within the following described boundary lines, to-wit:

SEEK MORE ROOM
TO HOUSE POPULS

Adventist Building Sought
To Relieve Congestion
At Wilson Avenue

The Board of Education last night authorized Richardson D. White, superintendent of city schools, to act with D. J. Hibben of the board in making such arrangements as may be possible for the rental of the old Glendale academy on North Isabel street as a temporary annex to the Wilson intermediate school, which will be very crowded when the fall term opens.

The meeting was held in Mr. White's office at 107 1/2 South Brand boulevard, with the entire board in attendance, Mrs. A. A. Barton, president, presiding. J. T. Cate, business manager, and Superintendent White were also present.

The Glendale academy building referred to is the property of the Seventh-day Adventist denomination, whose new academy is located in Sylmar canyon.

Submits Report

Mrs. Barton made a report on the educational gathering held at Pasadena on Saturday, June 28, at which she represented the Glendale board of education. Another such gathering will be held at the Santa Monica high school this Saturday, July 12, she stated. The purpose of these meetings is to consider future school legislation. They are attended by representatives of all city and high school boards in Los Angeles county.

Mr. Hibben reported that the joint committee from the board of education and the Glendale Union high school board is considering sites for future schools and yesterday went around the city in search of possible locations. This committee comprises Richardson D. White, E. H. Learned and D. J. Hibben, of the city board; and George U. Moyle, A. W. Tower and H. W. Yarik, of the high school board.

Miss Carol Duncan, a teacher at the Wilson intermediate school, was granted a one-half year leave of absence to attend the University of Southern California. A deed was signed giving the city of Glendale an easement to certain property of the Cerritos avenue school, for the improvement of Forest avenue.

High prices now ruling in the Chinese silk market are apparently affecting the native producers, for many of them are using cotton warp and artificial silk filling in the manufacture of broads.

CITY PRINTING

City of Burbank; thence southwesterly along the northwesterly line of said Block 124 to an intersection with the southeasterly extension of the northwesterly line of Lot 15, Tract No. 3591, as per map recorded in Book 40, Page 58 of Maps, Records of Los Angeles County, California, said last mentioned point being a point common to both the boundary line of the City of Burbank and the boundary line of the City of Glendale; thence southwesterly along the northwesterly line and its southeasterly extension of Block 124, said Rancho Provenza and Scott Tract, following the boundary line of the City of Glendale, to point of beginning.

SECTION 3: The City Clerk is hereby directed to give notice of such election by publishing in this Ordinance and notice in The Los Angeles Daily Journal, a daily newspaper of general circulation, printed and published outside of the City of Glendale, but in the County of Los Angeles, and such notice shall be published once a week for four successive weeks next preceding the date of the election; and the City Clerk is also hereby directed to give notice of election by publication of this Ordinance and notice in The Glendale Evening News, the official newspaper of said City, a daily newspaper of general circulation, published in the City of Glendale, once a week for two weeks before the time appointed for the holding of said election.

SECTION 4: The City Clerk shall certify to the passage of this Ordinance to the Council of the City of Glendale. This Ordinance shall take effect and be in force upon its passage and the confirmation of the City of Glendale on the 26th day of June, 1924.

SPENCER ROBINSON,
Mayor of the City of Glendale.

ATTEST: A. J. VAN WIE,
City Clerk of the City of Glendale.

STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES) ss.
I, A. J. VAN WIE, City Clerk of the City of Glendale, do hereby certify that the foregoing Ordinance was duly passed by the Council of the City of Glendale at a regular meeting thereof held on the 26th day of June, 1924, by the following vote:

AYES: Gihuly, Hall, Kimlin, Robinson.
NOES: None.
ABSENT: Davis.
A. J. VAN WIE,
City Clerk of the City of Glendale.

NOTICE OF PUBLIC WORKS

Public notice is hereby given that the Council of the City of Glendale, at its meeting on the 26th day of June, 1924, did, at its meeting on said day, adopt Resolution of Intention No. 2468 to order the following improvement to be made on a portion of the First Alley northwesterly of Glendale Avenue in the City of Glendale.

Beginning at the northwesterly corner of Lexington Drive and Geneva Street, thence easterly along the northerly line and its extensions of Lexington Drive, thence southeasterly in a direct line, crossing Geneva Street, to the southeasterly corner of Glendale Avenue and Lexington Drive; thence southeasterly along the southeasterly line of Glendale Avenue to the northeasterly corner of Lexington Drive, crossing Lexington Drive, to the point of beginning, excepting from the above described district any portion of any public street or alley that may be included therein.

The district to be assessed to pay the damages, costs and expenses for said improvement is described in and reference is hereby made to Resolution of Intention No. 2468 for further particulars of said improvement.

BEN F. DUPUY,
Street Superintendent of the City of Glendale.

Announce Betrothal
Of Marjorie Imler

(Continued from page 3)

gene H. Imler of Glendale and Mrs. Frank Porter Stearns of Los Angeles.

Mrs. Dean McComber won the first prize for bridge and Miss Vesta Vickers second. The first prize for mah jong was awarded to Mrs. John Osborne Eaton.

Announce Betrothal

The announcement of the betrothal and approaching marriage was revealed during the serving of luncheon late in the afternoon. Appointments carried out the University of California colors, gold and blue. A miniature parchment scroll was tied with maline on each French nut basket and the scroll was written the names of Miss Imler and Mr. Waterfall and the date of their marriage.

Miss Imler and her family have hosts of friends in Glendale, who will be most happy to learn of the announcement. The daughter of Mrs. Imler and the late D. H. Imler, Miss Imler was born in the family home, "Palm Villa," on Park avenue. She attended and graduated from the Glendale grammar and high schools and later went north to the state university, where she was popular as a member of the Sigma Kappa sorority. During the last two years she has been a member of the faculty of the junior high school at Fillmore.

The Waterfall family is well known in Berkeley. After graduating from the university, where he was prominent as a member of the Alpha Chi Rho fraternity, Mr. Waterfall became associated with the Union Oil company as geologist. His work takes him to various states for investigation and field work.

Guests bidden for the affair yesterday were Mrs. Benjamin Waterfall of Berkeley; Mrs. J. J. Hickman of Glendale.

A group of Miss Imler's sorority sisters, Miss Rachel De Nick, Los Angeles; Miss Catherine Boyce, Hollywood; Miss Miriam Burt and Miss Ruth Rhodes, Bakersfield; Mrs. Herbert Espy, Oxnard; Miss Viola House and Mrs. A. L. Hellberg, Pasadena; Mrs. William Wright, Pomona; Mrs. Elmer Horsely, Riverside; Mrs. Dean McComber, Hollywood; Mrs. H. G. Whitney, Pomona; Mrs. Ray Morrow, Glendale; Miss Bertha and Genevieve Owen, Arcadia; Mrs. Marcus Peterson, Glendale; Mrs. Lillian Versteeg, Los Angeles; Mrs. Ray Cole,

Library Bond Issue
Beaten In Election

(Continued from page 3)

Special Precinct No. 1, the polling place being at the fire house, at Grand View avenue and Glenwood road. The count showed 165 in favor of the bonds and 25 against.

Special Precinct No. 2, with the polling place at 611 North Central avenue, showed 195 votes cast. There were 114 votes for the bonds, 78 against, and four votes discarded by the judge and clerks.

There were only 89 votes cast in Special Precinct No. 3, the polling place being at the Doran Street school. Fifty-eight voters favored the bonds, while thirty-one were against them.

Special precinct No. 4, the polling place located at the Broadway school, showed 171 votes cast. The tabulation gave: For the bonds, 112; against, 58; discarded, 1.

The opponents ruled in Special Precinct No. 5. The count at the polling place, located at the Pacific Avenue school, showed: For the bonds, 87; against, 97; total, 184.

Strong Opposition

An even greater defeat was handed the bonds in Special Precinct No. 6, polling place at the Acadia Avenue school. The count was: For the bonds, 33; against, 52; total, 85.

Special Precinct No. 7 also turned in a defeat for the bonds. The polling place for this precinct was located at the Cerritos Avenue school. The count showed: For the bonds, 32; against, 47; total, 79.

In Special Precinct No. 8, with the polling place at 241 South Western avenue, the voters were equally divided on the issue, although there were only twelve votes cast. Accordingly, the count was: For the bonds, 6; against, 6; total, 12.

First Lieutenant in the dental corps of the army of the United States rises to captain in three years, while a first lieutenant chaplain is promoted to that rank in four years.

ENTER DEMURRER IN STUART SUIT

Attorney Woodard Declares
Complaint Is Vague on
C. of C. Status

Attorney Bert P. Woodard, appointed by the Chamber of Commerce to represent the organization in the suit that has been filed against it by Charles R. Stuart for his claims for work in the advertising campaign, advised the directors last night at the regular weekly meeting that he has entered a demurrer to the complaint filed by Dexter & Hensley, Mr. Stuart's attorneys.

Mr. Woodard bases his demurrer on the fact that Dexter & Hensley, in their complaint, have failed to specify clearly whether the Chamber of Commerce, against which the suit is brought, is an association or a corporation, declaring that the courts have ruled in the past that failure to state explicitly the status of the defendant means that this point is waived. In case Dexter & Hensley file an amended complaint, Attorney Woodard is prepared to enter a denial and to press for an early settlement of the case.

Assessment Law
Attorney Woodard also discussed briefly the operation of the act of 1915 dealing with the assessments for street improvements, pointing out the disadvantages of the law in forcing any property owner who desires to free his property from the amount assessed against it being compelled to pay ten years' interest at the time of paying the principal; the fact that the law makes additional work for the city department charged with the collection of the money to meet the bond payments.

Because of the fact that there are not enough new people coming to Southern California at this time to justify further expenditure of the advertising fund, Secretary E. F. Sanders, reporting for the advertising committee, stated that the campaign in the Los Angeles newspapers has been postponed for the present, but that it will be resumed when, in the opinion of the committee, conditions justify it.

Palm Exposition
Mrs. E. V. Bacon, Dr. Jessie A. Russell and Mrs. J. W. Sharp appeared on behalf of the Thursday Afternoon Club and asked for the endorsement of the Chamber of Commerce in their plans to raise funds to build a new clubhouse on their property on Cypress street between South Brand boulevard and Central avenue. The club has arranged to hold an exposition from July 19 to 26. The endorsement was granted.

Director Fred Deal was appointed to represent the Glendale organization on the executive committee of the Associated Chamber of Commerce of the San Fernando Valley, which is to be formed following a recent change in the by-laws.

A request that a traffic button be placed at the intersection of Palmer and Glendale avenues was referred to the City Traffic commission.

Vice-President D. H. Smith presided in the absence of President W. E. Hewitt.

Republicans of Ninth District Will Meet

The following call to Republicans of the Ninth Congressional district was sent to The Glendale Evening News:

The Republican Congressional Committee of the Ninth California district hereby issues a call for a conference to be held at Pasadena, in the assembly room of the Hotel Green, on Friday, July 11, 1924, 10:30 a. m.

The purpose of this conference is to endorse a candidate for Congress to be voted upon at the State Primary, August 26, 1924.

The conference will consist of 352 delegates, which will include the members of the Ninth Congressional committee, the State Republican Central committee, and of representatives to be chosen from the Republican clubs in the various Assembly districts, all residing in the Ninth Congressional district. The Republican clubs of each Assembly district to be entitled to three times as many representatives as there are members of the Republican County Central committee, in each of said districts respectively, such representation of each Assembly district to be appointed equally between the clubs of the Assembly district.

Representation from the seven assembly districts within the territory will be from the congressional committee, state committee, Republican County Central committee and the clubs, respectively tabulated as follows:

Totals.....352
The committee has arranged for a luncheon at the Hotel Green, to which all delegates are invited and urged to attend. The cost will be 75c per plate.
GALEN H. WELCH,
CADET TAYLOR, Chairman.
G. L. BUCK, Secretary.

Woman's Page

Diet And Health

By LULU HUNT PETERS, M. D.

ANSWERS TO CORRESPONDENTS

Mrs. P.—You are five feet, five and one-half inches tall and weigh 171 pounds. You are 31 pounds overweight. Your husband is 70 pounds overweight. No wonder he is worried about it!

Yes, the same general diet will do for both of you. You can have lots of fun reducing together. Your itchy toes (my secretary says it sounds like the name of a dance!) will undoubtedly disappear when you go on your reducing diet. It is probably the perspiration that is irritating you. After washing and drying the toes, rub a little of a solution made of one ounce of formalin to the quart of water. Do this every night for a while; then two or three times a week. This is good for bad odored feet also.

Mrs. K.—You say you are "consumed with inward itching." It seems as though your blood were on fire. You have no eruption on the skin.

Why don't you have a physical examination, Mrs. K? How about your diet and your other hygienic factors that mean good health? The special treatment that you mention is considered by scientific men who have investigated it, to be the biggest fraud ever perpetrated. Some county medical societies expel their members for using it, because they feel it is such a hoax that a physician who will take money from his patient for this treatment is unethical.

"Dear Doctor—Some time ago I wrote that I had reduced from 211 pounds to 174, but try as hard as I could, I can't seem to lose another ounce. After you had sent me your booklet on reducing, I started on your diet and have lost steadily until now. At present I weigh 150 pounds. I have lost the wrinkles at the corners of my mouth that make me look older. Would you advise massaging to remove them, or do you think they will disappear now that I am on my maintenance diet? Please tell me what exercises are good for filling in the hollow shoulder blades.—S."

Yes, as you are only 34, undoubtedly those wrinkles will disappear as you go on your maintenance diet. You can make faces—pull your mouth up and down and across, and so forth, and ex-

ercise the muscles around the mouth. I have been told by two or three friends that this face pulling business helped them very much. Slap it smartly. The beauty parlors are now using the slapping treatment instead of massaging. (They call it "muscle strapping.") I don't think good cold cream will cause a heavy growth of hair. You can use ice rubs, too.

Good exercises to fill in the shoulder blades are the arm swinging exercises. Swing your arms, in as large a circle as possible, 100 times a day. Dumbbells, Indian clubs, and the like are also good. Another good shoulder exercise, as well as back and abdominal exercises, is: stand about two or three feet in front of a chair, bend over and grasp the sides of the chair, and bend down still further until the abdomen touches the front of the chair, placing all your weight on your hands.

Miss H.—There is no lotion that will make your hands plump. Finger exercises, such as playing the piano, alternate clenching and unclenching of the hands, and so forth, will develop the muscles and thus make the hands plumper.

Mrs. K.—With one ovary, a woman can still bear a child. The cause of extrauterine pregnancy cannot always be determined. Perhaps there has been some inflammatory condition in the tube or some obstruction from some cause.

Tomorrow—Answers to Correspondents

My Dear Followers—When sending for material which we offer you please remember to enclose a stamped envelope bearing your full name and address, the pamphlet on reducing and gaining is the only one for which you must enclose four cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 200 words, and type or write them legibly with ink. Please sign your name as evidence of good faith. We will not use it in any way. Remember it is impossible for me to diagnose for you or to answer you personally. I appreciate very much the beautiful letters you send me and regret it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible if they are of general interest. Don't forget the a. s. e. if you expect me to send you the information I have offered.

Copyright 1924, George Matthew Adams.

French Dressing
Coffee
Fruit Ice Cream
Supper
Welsh Rabbit
Jam Sandwiches
Fruit-Mint Tea
Cake

The following beverages will be found cooling when the temperature touches the 90 mark:

Pineapple-Rhubarb Drink—Cut six large stalks of rhubarb in small pieces and cook them in three pints of water for 20 minutes. Then add one pound of granulated sugar, one pint can of shredded pineapple, one lemon put through the food chopper, one cup of orange juice, and one cup of fresh or canned cherries. This mixture should be thinned with ice water when served. To make a regular punch of it, add one bottle of charged water and three sliced bananas. (This is a fine punch to serve with cake for party refreshments).

Fruit-Mint Tea—Make one quart of strong tea by allowing one teaspoon of tea leaves to three cups of boiling water, letting this hot water stand on the leaves three minutes. Now strain tea from the leaves and add to it the juice of four oranges and two lemons, and also two spoonsful of green mint leaves finely chopped (or the same proportion of dried mint which can be bought at most grocery stores in small packages). Serve with ice.

Current-Grape Drink—Combine one pint of grape juice (either bottled or fresh) with one pint of currant juice and add the juice and grated rind of one lemon, one-third teaspoon of ground nutmeg, one quart of cold water and enough sugar to sweeten. Serve with cracked ice.

Ginger Snap—Boil together for four minutes one pint of grape

ice, one ounce of chopped candied ginger root, one pint of sugar, three whole cloves and the grated rind of two lemons. Cool the mixture, remove whole cloves, then add the juice of five oranges and five lemons and enough cold water to make it the desired strength.

Gingerale à la Marie—Pound fresh mint leaves and add ordinary bottled gingerale to them just before serving. The amount of mint will depend upon individual preference.

Raspberyrade—Make a sirup by cooking two cups of granulated sugar and two cups of water together for ten minutes. Cool it, then add four cups of red raspberries crushed, the juice of three lemons, the juice of one orange and one quart of ice water. Let stand one hour in the ice box to make it delicious with ice water, but do not strain.

All inquiries addressed to Miss Kirkman, in care of the "Housekeeping" department, will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and state.—The Editor.

DEATHS - FUNERALS

MRS. REBECCA HART
Mrs. Rebecca Hart died today, Wednesday, July 9, 1924, at her home, 1741 Fourth street, at the age of 67 years.

She leaves her husband, John S. Hart; two sons, Frank B. and John H. Hart, of Glendale; a daughter, Mary S. Cole, of Glendale; the following brothers: Charles Pennybaker of Glendale, Henry Pennybaker of Burbank, Josh Pennybaker of Idaho, John and Dan Pennybaker of Niagara Falls, N. Y.; Jake Pennybaker of Battle Creek, Mich.; two sisters, Rachel Hart of Battle Creek, Mich., and Mrs. Mary Smith of Pennsylvania.

Funeral arrangements will be announced by the Kiefer & Eyler Undertaking company.

BIRTHS

A daughter was born Monday night, July 7, 1924, to Mr. and Mrs. Louise Lewis of 5164 Delaware avenue, Eagle Rock, at the Golden West Sanitarium and has been named Yolanda LaBelle Lewis. This is Mr. and Mrs. Lewis' second child, the first being a son, Louis Alexander Lewis.

Mrs. Lewis before her marriage was Miss Ruth Wilson. Both Mr. and Mrs. Lewis are well known in Glendale. At the present time Mr. Davis is in the east on a business trip and is expected to return home the last of this month.

Social : Clubs

Edited by KATHERINE V. SINKS

Shrine Will Meet

Omar Shrine, White Shrine of Jerusalem, is to meet at 8 o'clock Saturday night in the Masonic temple on South Brand boulevard. Mrs. Warren Roberts, worthy high priestess, states that the first part of the evening will be devoted to business. Later a practice meeting will be held.

Mrs. Roberts has appointed the committees for the card party to be held July 26 in the temple. Freda Augustine and Marion Thompson compose the card committee, while the refreshments are in charge of Edith Coghlin and Mary Sieman. Score cards are to be 50 cents each.

The Omar Shrine is invited to the reception Friday night, July 18, in Hollywood, honoring the supreme queen and her attendants. Mrs. Roberts has the honor of being one of the supreme queen's attendants.

Bridge Affair

The bridge affair last night at the Oakmont Country club proved most delightful for the members and guests in attendance. Mrs. Harry Hall was hostess of the evening. High score was held by Mrs. Rich and R. A. Puffer, Sr., while second prizes were awarded to Mr. and Mrs. Charles C. Bowman. Prizes for the women players were donated by Lauderdale's Irish store, and prizes for the men by the D. L. Gregg Hardware company.

BRIGHT BEAMS TO GUIDE AVIATORS

150-Mile Beacons Will Make Night Flying Safe for Postal Service

CHICAGO, July 9.—Five great beacons of five hundred million candle power each, with thirty-four intermediate beacons of five million candle power each, will guide United States air mail flyers on the 830-mile stretch between Chicago and Cheyenne in the new transcontinental day-and-night aerial mail service.

In addition to the ground installation, which will be extended to cover the two stretches between Cleveland and Rock Springs, Wyo., when the summer wanes and the days grow shorter, the planes will carry with them a reserve of 10,000,000 candle power to be used in emergencies or in landing.

Six Main Stations
All together a total lighting power of 5,279,000,000 candle power has been provided by the electrical engineering experts called in by the postoffice department for advice.

Main stations of the central stretch will be located at Chicago, Iowa City, Iowa; Omaha, Neb.; North Platte, Neb., and Cheyenne, Wyo. The giant beacons at these points will be visible to the flyers from a distance of 150 miles in each direction. The smaller beacons at intermediate points will be visible for 100 miles.

Three Patients Able To Return to Homes

Mrs. E. C. Castanien of 5012 Range View avenue, Eagle Rock; Mrs. Anna M. Johnson of 421 East Randolph street, Glendale, and Mrs. R. S. Hufford of 1952 Addison way, Eagle Rock, who have been patients at the Glendale Research hospital, were able yesterday to return to their homes.

Victim of Accident Shows Improvement

Report from the Glendale Research hospital at noon today revealed that Mr. Frank Gittel of Montrose, who was injured yesterday morning, while unloading lumber from a truck, is somewhat improved.

Missouri Cotton Crop Is Helped by Rains

HAYTI, Mo., July 9.—Cotton in this section has been much improved by recent favorable weather and although the crop is a month late a yield two-thirds of normal is expected.

Total for year 1921.....10,047,634
Total for 1924 to date 5,339,952

Building permits for July totaled \$137,490 at noon today, according to figures in the office of H. C. Vandewater, building superintendent. The total for 1924 to date is now \$5,339,952. Following is the list of permits issued since noon yesterday:

H. D. Sawtell, two stores, 420-22 East Broadway.....\$ 9,400
B. E. C. Slauson, 16 rooms, 1502-12 East Wilson.....7,000
H. D. Sawtell, business garage, 111 South Jackson.....6,600
Sarah Prickett, 6 rooms and garage, 1420 South Adams Dr. C. A. Brandstater, 3 rooms and garage, 719-A West Broadway.....2,000
Mrs. M. P. Snider, porch, 903-A Raleigh.....150
R. W. Miller, garage, 1539 Irving.....150

Birthday Dinner

A garden dinner party recently celebrated the seventy-fourth birthday of Mrs. Charles G. Woods of 1610 Grand View avenue. The dinner company included friends and relatives of Mrs. Woods, some of whom had come across the continent for the affair.

During the dinner hour Miss Helen Sayre, attired in a quaint old-fashioned costume, sang old-fashioned songs, accompanied by her sister at an antique melodeon. Vocal selections were also given by Harry Girard. The latter part of the evening was devoted to dancing.

Over fifty were bidden to the affair. Among those present were Mrs. Woods' son-in-law and daughter, Dr. and Mrs. W. W. Simpson, and son William Simpson, Jr., of Sewickley, Pa., who are to spend the summer with Mrs. Woods.

Meeting Friday

The meeting Friday night of Glen Elyrie chapter, O. E. S., will be presided over by the worthy matron, Mrs. Jennie Phillips, who has just returned from a vacation trip to Michigan.

Routine business and initiation will occupy the time. The Glen Elyrie social club is to meet Wednesday, July 16, at the temple.

Law Club Lunch

The luncheon of the Women's Parliamentary Law club scheduled for Friday, July 18, is to be held at the Kopper Kettle tea room at 328 North Brand boulevard, instead of at the tea room on South Brand boulevard. Reservations for the luncheon must be made by July 16 with Mrs. A. H. Brown at Glendale 1243-J.

Report of Glendale's Postoffice Complete

(Continued from page 1)

fiscal year than there were during the fiscal year ending June 30, 1923, according to the report. The difference the report shows, is more than half as large as 1923 figures. The 1924 figures on pieces of mail registered are 27,532; while the total for the year ending June 30, 1923, is 17,630.

The gain in the number of insured parcels handled by the office in outgoing mail is larger than the pieces of registered mail, the increase for 1924 being 9948 over 1923. There were 41,349 pieces of insured mail sent through the local office during the fiscal year ending June 30, 1924, as compared to 33,501 pieces for the fiscal year ending June 30, 1923.

Mail Matter
Over two million more letters were run through the cancellation machine at the postoffice during the fiscal year just ended than there were during the fiscal year ending June 30, 1923, according to the report. The 1924 figures are 9,214,300; while the 1923 figures are 7,096,100, or a gain of 2,118,200 pieces.

Citizens of Glendale received 14,450 more packages through the medium of the parcels post delivery trucks and automobiles during the past fiscal year than they did in the previous fiscal year, the report shows. The 1924 figures are 100,149 packages delivered by the trucks, while there were 85,699 packages delivered by the trucks during the fiscal year ending June 30, 1923.

The gain in the number of parcels delivered, Postmaster Jackson explained, does not include the small packages delivered by the carriers. Small packages which can be handled by the carriers without a great degree of inconvenience are delivered the same as letters and other mail matter, but large packages are handled by the trucks, he said.

New Postoffice

Two trucks were added to the postoffice equipment on July 1. Postmaster Jackson said, so that the figures for 1924 cover the packages delivered by two carriers in their own automobiles, working on an allowance for gasoline, oil and depreciation on their cars.

In addition to telling the growth of the city and the increase in population and business in Glendale, the figures also show the need of the new postoffice, Postmaster Jackson said. The department long ago outgrew the present quarters, Postmaster Jackson said, although it was expected when the department was moved from Brand boulevard two years ago that the present quarters would do for ten years.

The fixtures for the new postoffice are said to be on the way to Glendale and are expected to reach here the last of this week or the first of next. They will be installed as rapidly as possible, Postmaster Jackson said, and it is hoped to have the new building open for business by July 15.

Oregon, Washington Wheat Crop Is Light

WALLA WALLA, Washington, July 9.—Wheat harvesting has begun in eastern Washington and Oregon. The yield is disappointing, with first reports indicating only 17 bushels to the acre.

Chats On Beauty

By EDNA KENT FORBES

Headaches are always due to some very definite cause; eye strain, indigestion or nervous exhaustion. If a headache regularly follows using the eyes for reading, writing or sewing, an oculist should be consulted. This does not necessarily mean that you need treatments or glasses, the eyes may simply be temporarily weak, so that work which does not ordinarily bother them becomes a strain.

Whether the cause is eye strain or not, one of the best ways of attacking and routing a headache is to keep the eyes closed. An ice bag on the forehead will help, or frequently renewed compresses made by soaking an old handkerchief in cold water and eau de cologne, or rubbing the forehead with a menthol pencil which any drug store can supply. If it comes from indigestion or constipation take a laxative and diet. Sometimes an enema will relieve the most violent headache instantly.

Sometimes a long walk or half an hour's strenuous exercise outdoors will do away with headache simply because it makes the body function right. If you are subject to bad headaches try all these Western methods before you ask your doctor to prescribe medicine. If it is due to nervous strain or nervous exhaustion you may have to take a bromide, but do so only upon a doctor's advice, for the headache remedy good for one person may be very harmful to another.

There was a time when a headache lent a picturesque touch to an attractive woman. Leaning languidly against a pillow with half closed eyes and a becoming pallor, she received the visits and sympathy of her friends. But a real beating and throbbing head never made anyone pretty, only drawn and ugly looking.

Maureen—The excessive amount of oil in your hair comes from a sluggish condition in your system. A good tonic, such as the Pilo-Chats, often mentioned in the Chats, will cure your scalp of the attacks of dandruff, but you cannot overcome the oily condition until you relieve the cause of it.

Drink plenty of water, and simplify your diet for a time, so that your system will have a chance to clear itself.

Miss Conne—Massage with a good building cream every few days to help fill out the lines under the eyes.

Are You Attractive When You Are Tired?

der the eyes. Use an astringent once each week if your facial muscles show any tendency to sag.

Tomorrow—Hot Weather Complexions

All inquiries addressed to Miss Forbes in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

Personal Notes

Phone Personals to Social Department, Glendale 4000.

Mrs. A. M. Wickham has moved from 121 East Honolulu avenue to 626-A East Windsor road.

Mrs. H. Zander has moved from 1417 Rock Glen avenue to 441 W. Broadway to make her home.

Mr. and Mrs. Harvey J. Schmidt have moved from 1841 Oxford street to 1104 South Glendale avenue.

Mr. and Mrs. Clyde E. Shope have moved from 225 East Garfield avenue to 633 North Geneva street, to make their home.

Mrs. R. L. Plister of 1432 Valley View road is leaving this week for Avalon, Catalina Island, for a three weeks' vacation outing.

Mrs. Alice C. Garland and Miss Josephine M. Garland of 1447 East California avenue, have moved to 545 West Myrtle street.

Mrs. D. D. Horning of 519 East Windsor road, is enjoying a visit in New York. She is expected to return home the first of September.

Mr. and Mrs. W. J. Furse of Alma, Neb., are guests of Mr. and Mrs. W. G. Black of 233 North Isabel street. They will visit a week here.

Mr. and Mrs. George W. Holmes of 439 Patterson avenue entertained as their guest last Sunday, Mrs. Holmes' cousin, Mrs. Ella Dickerson of Long Beach.

Mrs. Harry G. Schneider and her two daughters, Ethel and Henrietta, of El Paso, Texas, are visiting at the home of Mrs. M. E. Zaun, 403 North Howard street.

Mr. and Mrs. J. Herbert Smith of 1117 North Maryland avenue, who have been making an extensive tour of Canada for the past six weeks are expected to return home today.

Mr. and Mrs. Joseph A. De Muth of 614 West Colorado street, who have been visiting for the past few days with Mr. De Muth's sister, Mrs. Wilson A. Moore in Ontario have returned home.

Mr. and Mrs. R. C. Goudie, 324 West Elk avenue, and their guest, John C. Goss, together with their son-in-law and daughter, Mr. and Mrs. W. E. Gordon, and children, Patricia and John, spent July 4th and the week-end camping on the beach at Ventura.

Mr. and Mrs. Ralph E. Christie of Burlingame, Cal., are visiting with Mrs. Christie's grandparents, Mr. and Mrs. Charles Casselman, of 1416 Stanley avenue. They plan on visiting here two weeks. They will also visit with Mrs. Christie's parents, Mr. and Mrs. J. D. Lampert, of 105 North Belmont street.

Mrs. J. G. Huntley and daughter Miss Virginia Huntley of 303 North Central avenue, were guests of Hollywood friends last Wednesday at 1 o'clock luncheon at the Hollywood Athletic club. On Thursday they were entertained as luncheon guests at the Wilshire Country club by Beverly Hills friends.

Miss Dora Wolter of 312 North Orange street left Monday for a two weeks' vacation at Big Bear.

Miss Queenie Caldwell of Topeka, Kan., is visiting her uncle and aunt, Mr. and Mrs. W. F. Stahl of 424 West Wilson avenue.

Mrs. H. M. Bennett and sons, Harry, Jr., and Jack, of 1301 North Maryland avenue, returned home Sunday from Coronado, where they spent a ten days' vacation outing.

Mr. and Mrs. H. G. Hosford and son Horace, Jr., of 233 North Central avenue and Mrs. Hosford's sister-in-law, Mrs. Harry Youngerman, who is visiting here, were the dinner guests last night of Mr. and Mrs. August Youngerman of Los Angeles.

Mr. and Mrs. E. L. Schuyler and daughter, Lois, of 330 West Ivy street, and Thurston Harshman, have just returned from a week at Young's camp at Pine Knot, Big Bear Lake. They report a delightful outing. They were in camp over the Fourth and say they saw several Glendale friends.

Mr. and Mrs. F. H. Eilers of 115 North Adams street are in receipt of a message from their daughter, Miss Martha L. Eilers of her arrival in Tillamook, Ore. She made the trip overland with a party of friends and reports a delightful trip. She is expected to return home after July 20.

Mrs. G. H. Schulte of 516 Burchett street, president of the women's missionary society of the First Congregational church, is to leave Friday for Asilomar, to attend the missionary educational conference. Mrs. H. S. West of the same church will also attend the conference.

A group of friends including Mr. and Mrs. W. F. Stahl of 424 West Wilson avenue and their guest, Miss Queenie Caldwell of Topeka, Kan., and Mr. and Mrs. D. Metzger, Vernon Metzger, Mr. and Mrs. E. A. Phaneus, Mr. and Mrs. Frank Cheney of Los Angeles and Mr. and Mrs. O. A. Gaines and family of Glendale spent the Fourth and the week-end at Laguna Beach. They report a very enjoyable time.

Mr. and Mrs. George H. Rowe of 216 South Orange street, are having the pleasure of entertaining as their guest this week, Mrs. Mildred Barnes of Lake Minocqua, Wis. Mrs. Barnes is a former resident of Glendale, having made her home on North Brand boulevard for several years. For the past two years she has been living in Wisconsin. Her many friends will be glad to learn she is visiting in Glendale.

Mr. and Mrs. C. W. Houston and daughter, Miss Dorothy Houston, of 440 West Myrtle street, returned home yesterday from Balboa Beach, where they have been spending the past few days. They motored down to the beach last Wednesday. Just before leaving Mrs. Houston had the misfortune of spraining her right arm. Her many friends will be glad to learn she is getting along very nicely and soon hopes to be able to use her arm.

REPORT IN FAVOR OF CIVIC CENTER

Purchase of Harvard High
School Site Supported
By Committee

(Continued from page 1)

committee on the civic center and city hall expansion, by Peter Hanson, representing the Optimist club. Other members of the committee are: Alexander Mitchell, chairman, representing the Foot-hills Improvement association, and H. M. Butts, representing the Glendale Merchants' association.

J. H. Randall, representing the Fourth Street Improvement association, broached the matter of a recommendation without specifying the amount of a bond issue, when he said:

"I am in favor of the adoption of Mr. Newby's motion to receive and adopt the report, but there is no mention of the amount of bond necessary. I believe that these reports recommending such matters should include this information, for, after all, it is the amount of the proposed bond that the people are looking to us to fix."

Following the reading of the report, E. E. Sanders, secretary of the Chamber of Commerce, told the members of the organization that he had been informed that the county Board of Supervisors had sufficient funds to establish four branches of the Los Angeles general hospital in four sections of the county.

These hospitals would be of fifteen-bed capacity each, he said, and one of them would be in the San Fernando district. Another will be located in the San Pedro district, another in the bay city district and the fourth in the San Gabriel district, he said.

Fire Equipment

A. R. Eastman, representing the Glendale Clearing House association, told Chairman Smith

that W. L. Twining, representing the Glendale Realty Board, and chairman of the committee on additional fire stations and equipment, had not called a meeting of the committee, due to his absence from the city, but that the committee would be ready to report next week.

P. J. Hayselden, representing the Chamber of Commerce, and chairman of the committee on fire alarms and police alarms systems, said a final report of this committee would be ready next week.

Mr. Newby, chairman of the committee on bridges over Verdugo wash, reported a meeting of the committee had been held but was not ready to report. The members of the committee desired more time to investigate the matter, he said, and would probably be ready to report next week.

Water Situation
Charles Marshall, representing the Central Avenue Improvement association, and chairman of the committee on enlarging the water system, said the members of the committee had spent two days with Superintendent Diederich, looking over the ground and the task had not been completed. A report may be ready next week, he said.

No members of the committee on acquisition of city parks were present at the session today. Members of this committee are: L. H. Wilson, chairman, representing the San Fernando Improvement association; R. Streit, representing the West Side Improvement association, and Dr. E. H. Parker of the Brand Boulevard Improvement association.

Mr. Brown, a member of the committee on modern disposal of garbage, reported no meeting of the committee had been held as two members had been absent from the city. A report will probably be ready next week, he said.

Mr. Hanson, following the adoption of a motion directing the secretary to prepare copies of all reports where the amount of a bond issue was recommended, and laying over such reports for one week before any action is taken on them, said he believed the city should pay the secretary for this and other work necessary in hand-

ling the organizations' business. "The city has provided for such payment," City Manager Stone said.

"I made such a recommendation at the first meeting," Mr. Hanson replied, "and as far as I know, the city has made no provision for paying for this work. The city should pay, that is true, but so far it has not."

City Manager Stone promised the members of the organization that the matter would be attended to at once.

Chairman Smith, in calling for a motion to adjourn, announced the next meeting would be held at the auditorium of the Harvard high school at 9 o'clock next Wednesday morning.

Makes Answer

"In answer to Mr. Randall's remarks, I would say that the members of the committee discussed that angle of the situation, and figured that the time to cross that bridge is when we come to it," Mr. Mitchell said. "It will be just like taking money from one pocket and putting it in another when you talk of the cost of the school site, for the price will go to the schools."

R. M. Brown, representing the Glendale Advancement association, concurred with Mr. Randall in declaring that if the report is final, it should give the amount of bond needed, to which Mr. Mitchell said he understood. The committee was to be appointed to make an appraisal of the site and buildings. City Manager Stone suggested that the committee as a whole should submit the amount necessary to acquire the property, and should have this information ready to give to the City Council when the recommendation is made. Mr. Brown said the committee as a whole was expected to pass on all the propositions outlined by City Manager Stone, and should know if the bonding capacity would stand for all of them.

Mr. Hanson informed the members of the organization that two appraisals were made in February, one fixing the value of the tract and buildings at \$459,000, and another fixing it at \$470,000. The complete report of the committee follows:

"Your sub-committee on City

Hall and Civic Center, having thoroughly investigated conditions at the City Hall and its annexes, begs to submit its findings as follows:

"In general, your committee finds present accommodations in every department at the City Hall astonishingly inadequate in every particular and a discredit to our city. It is apparent that no possible re-arrangement could in any way materially benefit conditions. Every department is overcrowded to such an extent that high efficiency is impossible and working conditions are neither pleasant nor wholesome. In several instances two or more departments occupy the same room and what strikes your committee as particularly regrettable is the fact that thousands of valuable documents, records and maps are absolutely unprotected from loss by fire or otherwise, there being no adequate vaults in which to safeguard them."

Police Are Cramped

"In detail, your committee finds the police department cramped to such an extent as to demoralize any attempt at efficiency, economy or common decency. The desk sergeant has but scant accommodations. Some forty police officers have but one small room for their quarters with absolutely no conveniences. The lock-up or detention cell is not worthy the name and is only conducive to increased criminality. The Chief of Police stated to your committee that but nine prisoners could be taken care of temporarily in the three cells the city affords. Prisoners are daily being transferred to and from the county jail at no small expense, inconvenience and loss of time."

"In the commercial or public service department the congestion is very noticeable. System is practically impossible and the cashier's department is literally in a runaway and entirely unprotected from the rear. There is a vault in this department some 6x8 feet in which must be stored such records as can be crammed into it."

Room Is Cramped

"The city clerk, the city treasurer and the chief clerk of the engineering department, together with their numerous employees, all occupy one room upstairs. An adjacent room is occupied by the city controller, under extremely cramped conditions. Seven people work in this small room in which is situated the second and only other vault for records the city possesses. In this 6x10 vault are kept as many as possible of the vital records of the last two departments. Thousands of valuable papers, however, are left outside in wooden cases and under counters."

"The council chamber has been reduced in size by partitioning off the various offices until it will accommodate but a small number of our citizens. The police court is obliged to use this same room, and at times under conflicting conditions, there being no jury room if the council is in committee."

"The city engineering department occupies rented quarters across the street, and in none of the departments are to be found conditions more deplorable. In this frame structure, cut up into small rooms—a veritable fire trap—is carried on all the technical work of the city. Lying entirely exposed in wooden racks and ordinary filing cases are maps and records, the loss of which would be ruinous to our city. In this department are some forty employees, exclusive of about fifteen street inspectors who, it is understood, make this their headquarters."

"All the above may properly be summed up in one statement, viz: The municipal affairs of a city of 50,000 people are being conducted with machinery adequate only to a city of 5000."

"It is, therefore, the sincere belief of your committee that the present unsatisfactory and embarrassing conditions at the City Hall must be adjusted as soon as possible and in the most practical manner, so that the interests of our city may be advanced and protected."

"Your committee, after careful deliberation, and looking well to the future, is of the opinion that the present location of the City Hall is physically out of the question, and that money spent upon its enlargement would be largely wasted, while poorly serving the ends desired."

"Therefore, your committee earnestly and unanimously recommends its acquisition by the city of the Harvard high school property for city hall and general civic center purposes."

"The principal buildings seem, in the eyes of the committee, to be eminently suitable for the purpose, and would require but comparatively small expenditure for modifications. The main building could well be used for a city hall with all its clerical, technical and police departments, and, possibly, an emergency hospital. The building to the west could be used for a general public library, if a transfer to this location could be legally made, thus avoiding the proposed outlay on the present structure. The site of the present library then might well be reserved for a future federal building."

"Your committee will not elaborate on the advantages to be obtained for the city through the acquisition of the Harvard school property, further than to state that on this property, in addition to the three buildings already thereon, can well be located, without crowding or detracting from its beauty as a park, a central fire station, comfort stations, rest rooms, band stand, tennis courts, etc., and, in fact, all that goes to make up a modern civic center, including, in time, a municipal auditorium."

"It should be pointed out that, if this scheme is approved and carried through, the present valuable city hall Broadway frontage, together with Fire Station No. 1, could be sold as business property for a large amount, thereby reducing the initial outlay."

"Respectfully submitted,
"Sub-committee on city hall and civic center.
ALEX MITCHELL, Chairman.
PETER HANSON,
H. M. BUTTS."

DAMAGED

The following extract from Mr. Bozzani's letter shows how Zerolene stood up under the gruelling conditions of the contest:

"In the Overland cars the oil lubricates the transmission units as well as the motor. Yet in spite of the terrific heat encountered while travelling through the Mojave desert, when the ultimate check was made I found greatly to my surprise, the gauge showed absolutely no use of oil whatsoever."

"Gentlemen, I think this is remarkable. I attribute my success in

winning the 1924 Yosemite Economy Sweepstakes greatly to the use of Zerolene in the motor and Red Crown in the tank."

Right here, in the official records of this economy run classic, is your answer to the oil question. Why pay tribute to the superstition that eastern oil, merely because it costs more and is made in the East, is in some mysterious way "better." Experienced drivers, out to make records, don't share that superstition—why should you?

"Your committee will not elaborate on the advantages to be obtained for the city through the acquisition of the Harvard school property, further than to state that on this property, in addition to the three buildings already thereon, can well be located, without crowding or detracting from its beauty as a park, a central fire station, comfort stations, rest rooms, band stand, tennis courts, etc., and, in fact, all that goes to make up a modern civic center, including, in time, a municipal auditorium."

"It should be pointed out that, if this scheme is approved and carried through, the present valuable city hall Broadway frontage, together with Fire Station No. 1, could be sold as business property for a large amount, thereby reducing the initial outlay."

"Respectfully submitted,
"Sub-committee on city hall and civic center.
ALEX MITCHELL, Chairman.
PETER HANSON,
H. M. BUTTS."

Regarding the founding of a

municipal hospital, in keeping with the suggestions made to the City Council by Dr. H. R. Harrower before his departure for England, Dr. Floyd Thompson, chairman of the sub-committee selected to investigate the matter:

Hospital Report
"The members of this sub-committee feel that the time is premature for the founding of a municipal hospital here. We have given considerable time and thought to this question, and have gone into the records of the city health department and hospitals here as thoroughly as we could, and therefore we feel we are justified in making this report."

"From the following reports gleaned from a number of sources the committee appointed to look into the needs of Glendale for the care of indigent hospital cases, feels that this need may be met by better organization of existing facilities and does not demand a bond issue nor the building of a municipal hospital."

"In a survey of 1500 cases admitted to the Los Angeles county hospital over a period of ten days there were eight from Glendale, which was approximately half the district for the same period. The latter statement is given merely to show that our charity needs cannot be compared to those of certain other communities around Los Angeles."

Outlay For Charity
"The Glendale Sanitarium spent \$2000 for charity cases during the year 1922-23, no statistics being compiled for the year just past. The institution, we are informed, has not considered this a burden, and willingly gave this service. The accident work is considered an asset in view of the opportunity given the nurses

in training to observe this class of cases."

"The Glendale Research hospital cared for thirty-one hospital charity cases the past year. Considering an average of ten days in the hospital at an approximate cost of \$30, this would be \$940, or about \$1000."

"The Golden West Sanitarium cared for three Glendale charity cases the past year."

\$3500 Is Required
"It would seem that an estimate of approximately \$3500 should be made for the care of charity cases from those districts handled outside the Los Angeles general hospital, for which Glendale is already taxed, and it is hardly necessary to add, this amount is only a fraction of the interest on a bond issue, not to mention the maintenance of a municipal hospital and could be considered in making the city's budget, to reimburse the private institutions caring for the city's charity cases."

Emergency Hospital
"The health officer suggests, in a communication in the files of the committee, that the city clinic, now being operated for ambulatory cases and minor operative work, be expanded to include an emergency hospital with a nurse and physician in attendance. In this manner charity cases would be sent to the Los Angeles General hospital after first aid and those able to pay referred to the private institution of their choice."

There seems to be a workable agreement at present with the ambulance organizations of the

Driver of Automobile
Released, Rearrested

Released from the custody of the Glendale police department yesterday afternoon, W. J. Baker was returned to the local jail this morning on a warrant charging a statutory offense against Mrs. Gertrude Isensee, who is now a patient at the Glendale hospital, suffering from a fractured skull and other injuries occasioned when she leaped from the automobile driven by Baker on Glendale avenue, Sunday night, July 6. The warrant was sworn out by members of Mrs. Isensee's family following a confession said to have been signed by the injured woman, accusing Baker of a criminal act. The warrant was served by Captain William A. Loving of the Glendale police department, who found the man at his residence, 429 West Twenty-second street, Los Angeles. Baker, who is a Canadian, has been endeavoring to get in touch with the British consul of this port.

Mrs. Isensee lives with relatives at 237 South Beaudry street, Los Angeles.

That cities must be especially planned to care for automobile traffic, is the prediction of an expert in traffic conditions.

city which are willing to rotate the service, handling the charity work as it falls to them the same as those able to pay. Whether this could be improved upon is hardly within the province of your committee.

Fire Sweeps Business
District; Youth Dead

OAKLAND, July 9.—One life was lost and property damage of more than \$300,000 was caused by a fire early today that wiped out the business district of Oakley, four miles east of Antioch, Contra Costa county.

Several hours after the flames were extinguished, persons working in the ruins of the \$150,000 Oakley hotel found the charred body of a boy, identified as that of Peter Barros, 16. Apparently the boy was trapped while asleep.

Bay City Entertains
Tars With City Dance

SAN FRANCISCO, July 9.—This city's extensive program of entertainment for the visiting British battleships swung into its second day today with one of the largest dances ever given in California scheduled to take place tonight when 10,000 American and British tars will be guests of the municipality in the auditorium.

WATER CAUSES LOSS

LOS ANGELES, July 9.—Loss estimated at approximately \$100,000 was done the stock of Bass department store on Main street, when a small fire started the automatic sprinkler system, and the entire stock was inundated.

Daily News Letter

By International News Service Correspondents

SYRACUSE, N. Y., July 9.—A five-year term in State prison for the guilty person in every divorce suit.

That's the sure cure for divorce advocated by the Rev. James B. Knappenberger, pastor of Wesleyan Methodist church.

Dr. Knappenberger is not opposed to divorce itself.

The decree should be granted where there is cause, he holds, with the guilty one going to prison and the innocent one set free.

"A law without an accompanying penalty is nothing more than advice," said Dr. Knappenberger today. "That's what our present divorce law is—advice to two people who are at odds with each other. What's the result? The guilty party pays a few dollars in alimony and looks about for another partner."

"In ancient times the one who failed to keep his or her marriage vows was put to death. I am hardly in favor of such a punishment in this age, but a five-year stay in jail is none too harsh; not a bit. That would check the disgraceful increase in American divorces."

Dr. Knappenberger's stand on divorce results from the fact that divorces are on the increase in Onondaga county, according to figures made by Mrs. Emma K. Callanen, statistician in the county clerk's office.

Mrs. Callanen's figures show that more divorces are granted in this county than separations or annulments. This is contrary to beliefs of the average person who thinks that the latter decrees are much more numerous than absolute separation of husband and wife.

Mrs. Lieber Whittle, widely-known clubwoman and leader of the National Women's party in Onondaga county, opposes the Knappenberger plan.

"If you can't have a happy home, wreck it at once before any children are born," said Mrs. Whittle today. "The increase in divorce is nothing to be alarmed about. It is simply natural and lawfully regulated rearrangement of men and women who have been mismatched."

"Why force a man and woman to live together in unhappiness and perhaps even hatred? To do so is inhuman and criminal. Offspring from such a union will never develop into superior types. They are bound to be subnormal and unfit to take their place in life."

Mrs. Whittle looks upon modern marriage laws as subjective

bonds for the fair sex. Present marital codes have descended from Saint Paul, she says, who compiled them for the church, which, in turn, bequeathed them to Europe, England and, finally, America.

In Mrs. Whittle's opinion Saint Paul placed rather a restraining hand upon women who meekly submitted to his regulations, all down through the ages.

10 Years Ago

From Evening News Files

Rev. C. R. Norton recently plucked from his Burbank Special plum tree a twig eight inches long bearing thirteen well-developed and pretty specimens of this delicious fruit, which exceed in beauty of coloring, size and abundance the plates in the nursery catalogues. This branch is displayed in the News window.

Mrs. R. W. Meeker is a candidate for the general assembly of the state of California from the sixty-first district.

A number of friends of Walter Fraley were greatly surprised to see that dignified gentleman motoring about town Sunday evening with two pigs conspicuously occupying the rear seat.

Hold Bargain Sale On Gas Appliances

The Elwood Gas Appliance company, 227 East Broadway, has purchased the entire stock of the Trissel Gas Appliance company, 223 South Brand boulevard, and will put on a sale which, it is stated, promises to be an unusual value giving event. The sale will start Thursday, July 10.

Black Rust Affects Wheat In Northwest

MINNEAPOLIS, July 9.—Report of black rust in the northwest wheat crop is attracting attention of grain traders here today. With high prices in sight, the growers are watching their fields carefully.

One divorce case being contested in Australia already has cost the husband nearly \$200,000.

Views and Theatres News Notes

Compiled by Members of The Evening News Staff

Bertha M. Clay's novel, "Marion Gray," was one of the great successes of the generation. As a stage play it swept the country. That play is now being offered nightly by Murphy's Comedians at their tent theatre on Stocker street, Casa Verdugo, between Brand boulevard and Central avenue.

The curtain rises at 8 o'clock each night. Manager J. A. Menard invites those who wish front seats to come any time after 7:15 o'clock. The play will continue all week.

"Marion Gray" is a strong, well-balanced piece of theatrical timber and the cast assembled by the Comedians is worthy of the play. Those who have longed to see a gripping drama of the heart will find it here.

THE GATEWAY

"The Old Fool" is the feature picture at the Gateway Theatre today only. In addition there is vaudeville. Thursday, Friday and Saturday the picture is "The Shooting of Dan McGrew."

THE GLENDALE

Laurette Taylor in "Happiness" concludes at the Glendale Theatre today. Tomorrow the picture is Laura La Plante in "Excitement."

THE T. D. & L.

"The Marriage Market" is the feature picture at the T. D. & L. Theatre today only. Thursday, Friday and Saturday, Constance Talmadge in "The Goldfish" is the picture.

Kid McCoy Arrested, Freed Pending Probe

LOS ANGELES, July 9.—Norman Selby, former idol of the prize ring under the name of Kid McCoy, was taken into custody here on a charge of resisting an officer. Later he was released, pending an investigation.

Selby was said by the officers to have fired a shot and flashed a badge when he was arrested at a house where he was charged to have been acting in a suspicious manner.

Semi-Annual Bonus Is Awarded Shoe Workers

BOSTON, July 9.—Varman & Sons, North shoe manufacturers, have distributed to their employees' semi-annual bonus of 5 per cent of the workers' salaries. The plants are working full time.

PENDROY STARTS JULY CLEARANCE

Twelve-Day Bargain Event To Provide Room for Autumn Stocks

Anticipations of a great fall season are being expressed by the Pendroy Department store, following the successful inauguration on Monday of the third annual July clearance sale, which is to continue for twelve days.

Monday's business far surpassed all expectations and, with sales activity continuing at white heat, the Pendroy company is greatly gratified.

Extra salespeople were employed to serve the crowds of Glendale shoppers, who are being convinced on every hand that anything desired can be bought in Glendale at reasonable prices.

Wonderful offerings are to be found from basement to the third floor of the Pendroy store during this July sale. Display windows are full of tempting things, and the interior of the store is a medley of wanted articles at slashed prices.

Room for New Lines Summer wants can be satisfied and supplies secured for next year. Then, when everything is cleared out, ample room will be provided for the extensive fall lines en route to the store.

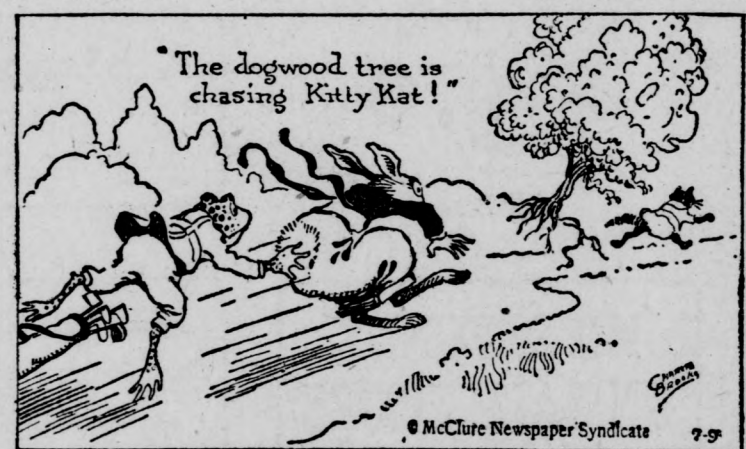

The announcement of the July clearance sale means that the Glendale shopping public will find every statement backed up with offerings that far surpass any description given.

"Business is good" is the message given to Glendale people by Pendroy's. "It behooves people to be optimistic and, with this July sale far surpassing any sale of past years, we are qualified to say that we are eagerly anticipating a great fall season."

Principal vehicles used in country districts of India are bullock carts, the harness consisting of a yoke and driving lines of rope.

THE BAXTER BEASLEYS—

Uncle Wiggily

By HOWARD R. GARIS

UNCLE WIGGILY MAKES A FIRE

One day Uncle Wiggily felt very hungry for cherry pie. "If you will get me some cherries and build me a fire in the kitchen stove, I will make you a cherry pie," promised Nurse Jane, the muskrat lady housekeeper.

The rabbit gentleman hopped over the fields and through the woods until he reached a cherry tree.

"But how am I going to get the cherries down?" asked the bunny. "I never thought of that." Uncle Wiggily could not climb a tree. If there had been a step-ladder he might have mounted on that, but there was none.

"How am I to get any cherries?" he asked, speaking out loud.

"I'll get some for you, Uncle Wiggily!" sang out a cheerful voice. At first the bunny thought it was the Wolf or Fox, but, looking a second time, Mr. Longears saw a red-breasted robin.

"You were once kind to me and helped me build a nest," sang the robin, "so now I will be kind to you." Which the bird was, filling the rabbit gentleman's tall silk hat with lovely cherries.

"Here are the cherries, Nurse Jane!" cried Uncle Wiggily, as he hopped into his bungalow. "Don't forget your promise!"

"I'll make you the pie as soon as you build me the fire in the kitchen stove," said the muskrat lady. "While you make the fire I'll sit in the parlor."

The bunny put paper and light sticks into the stove. A match set the paper blazing. The paper set fire to the little sticks. Then Uncle Wiggily put on some larger sticks.

"And when the larger sticks are blazing I will put on the coal," said the bunny. "Soon the oven will be hot and then the pie will bake."

Uncle Wiggily had put in some of the larger sticks of wood, and he was waiting for them to burn up a little before he put on the coal, when he heard a noise at the back door.

"Perhaps that is Lulu, Alice and Jimmie Wibblewobble, the duck children, coming to get some cherry pie," thought the rabbit gentleman to himself.

"Well, they'll have to wait a bit." He looked out of the window and saw a cloud of smoke coming from the chimney of his bungalow. But he did not see the duck children. Then Uncle Wiggily looked back in the kitchen; there, in the middle of the room, stood the Fuzzy Fox.

"What do you want?" asked the bunny.

"I want to nibble your ears!" barked the Fox. "Hold still while I nibble them!"

He leaped toward Uncle Wiggily, but the bunny gave a jump and hopped out of the kitchen. He closed the door after him and locked it, fastening the Fox in. Out of doors ran Uncle Wiggily. He got the stepladder and climbed to the roof of the bungalow. He put his coat over the chimney so no smoke could get out.

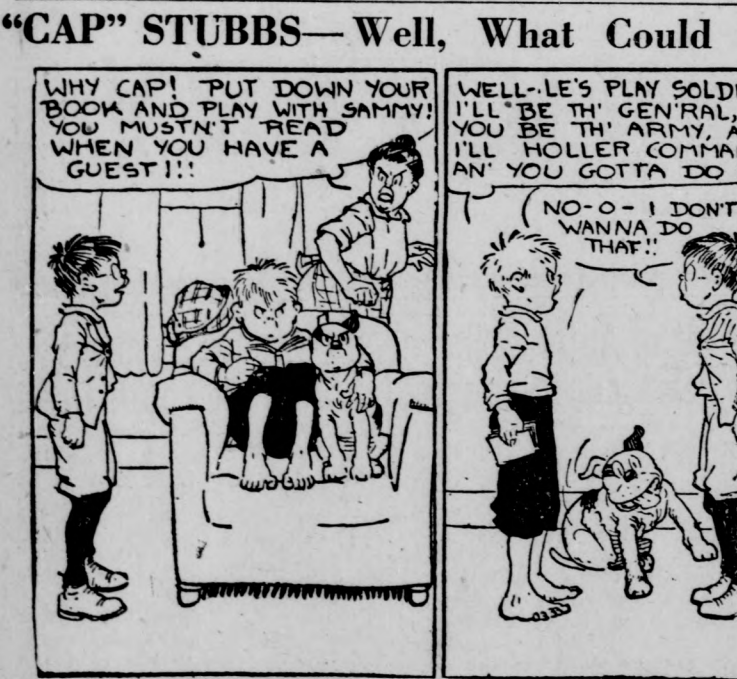

The Fox was still in the kitchen, trying to open the locked door to chase after Uncle Wiggily. And soon the kitchen began to fill with smoke. For, not being able to get out of the chimney hole, as the rabbit had his coat over it, the smoke came out in the room.

"Choo! Choo!" cried the Fox. "Kerchoo! Ker-snitzi!" He sneezed from the choking smoke.

Just made a big buy and saving on seeds and fertilizer, enabling me to put in lawns for 1-3 off while these last. (Act quickly). Lawns cared for by the month, very lowest rates. Sick lawns made to look like new. All kinds of landscape work. Can save you money on all kinds of seeds, flowers, shrubs. Work guaranteed.

HINT WILLS WAS EASY ON MADDEN

Rumor Indicates His Poor Showing Was to Secure Fight With Firpo

By FAIR PLAY
Special Correspondent of The Glendale Evening News, Copyright, 1924
NEW YORK, July 9.—Tex Rickard's only comment to the cable dispatch that Luis Firpo had taken passage for the United States was this:

"I knew he would come. He is going to get big money for a fight he thinks he can win. Why wouldn't he come?"

In connection with Firpo the story is going the rounds that he never would have come had it not been for Wills' showing against Madden. The story goes on that Paddy Mullins and Wills and the rest knew this, and that Harry's showing against the Irishman was arranged accordingly.

Wills' showing next month against the Wild Bull, so goes the tip, will wake up a lot of those who were lulled into a mental balm by the fact that Madden went the full route with the big negro.

Wants Lots to Eat
Firpo evidently is not going to be surrounded by men who tell him he is eating too much. He is bringing his own trainer from the Argentine, and the chances are that Firpo's table will groan with food. It did when he was preparing for Dempsey, but everybody kept nagging him so about eating that it took the edge off his enjoyment.

No more of that. He can eat

Five Yank Stars Will Compete In Games at Berlin

By International News Service.
COLOMBES STADIUM, France, July 9.—Five members of the United States Olympic team will compete in athletic games in Berlin, Germany, starting July 23, according to Lawson Robertson, coach of the American team. Loren Murchison, of Newark, and Bayes Norton, Yale, have been selected and three others will be named later.

Postoffice Team Wins Twilight League Game

The opening game of the Twilight Baseball league was played last night at the Harvard Street High school grounds, between the Labor Council and the Postoffice teams, the latter winning by a score of 6 to 2.

Tonight the Smith Fords will meet the Telephone company team.

The Phillies and Reds staged two extra inning contests, the former copping the first in 10 innings, 3 to 1, while the latter took the second, in the 16th, 2 to 1.

his fill without protest from anyone. And here is a tip: If Harry plays for Firpo's stomach and hands two or three good ones there, the Wild Bull is going to be a mighty sick animal.

U. S. WRESTLER INJURED BY AUTO

Brown, Mat Star, Is Run Down on Road Near American Quarters

By SPIKE WEBB
Coach of the American Olympic Boxing Team
PARIS, July 9.—Wrestler Brown of Pittsburgh is in the American hospital at Neuilly today, suffering from injuries sustained when he was knocked down by an automobile last night. Brown is in the lightweight class, weighing only 125 pounds. He was walking along the road near American quarters at Rocquencourt when he was run down. The ligaments of his right knee were badly torn.

TAGGING THE BASES

The Giants started their western trip by increasing their lead over the Cubs to six games when they defeated the Cardinals while the Cubs were losing a swiftest to the Dodgers.

The Athletics stopped the Indians 4 to 0 in a game ended in the seventh by rain.

Silk-worm eggs and mulberry trees for the expected worms are to be distributed among the needy peasants of Constantinople by the Turkish Public Debt administration.

YANKS CONTINUE TO PILE UP LEAD

Four U. S. Sprinters Place In 200-Metre Dash; Kinsey Wins In Hurdles

COLOMBES STADIUM, France, July 9.—Jackson V. Scholz, New York A. C., won the final heat of the 200 metre dash with Charles Paddock, Los Angeles, second. Liddell, Great Britain, was third; George Hill, University of Pennsylvania, fourth; Bayes Norton, Yale, fifth, and Harold Abrahams, Great Britain, sixth. Scholz' time was 21 3-5.

By DAVIS J. WALSH
For International News Service.
COLOMBES STADIUM, France, July 9.—Four United States sprinters came through the semi-finals heats in the 200-meter dash in grand shape today, and will contest the finals with Harold Abrahams and Liddell, the British aces.

Abrahams was defeated for the first time in a sprint since the games started, the Englishman finishing behind Jackson V. Scholz, New York Athletic club, and George Hill, University of Pennsylvania, who ran one, two in the first semi-final heat. Scholz' time was 21 4-5.

Charles Paddock, Los Angeles, won the second semi-final heat, with Liddell, the Scotch university sprinter, second, and Bayes Norton, Yale, third. Paddock's time was 21 4-5.

Abrahams Slows Up

Abrahams held a good position with Scholz and Hill until the stretch, when he cracked, and barely captured the last qualifying place. The results of the semi-finals gave the Americans great expectations for a round number of points when the final is run. Rain fell steadily, but this did not prevent the sprinters from making fast time.

Carr, Australia; Porrit, New Zealand, and Nichols, Great Britain, failed to qualify in the first semi-final heat of the 200-meter dash, and Kinsman, South Africa; Coaffee, Canada, and Mourlon, France, were shut out in the second heat.

Paddock won his heat with ease, pulling up at the finish.

Kinsey Wins Hurdles

Dan Kinsey, University of Illinois, won the final of the 110-meter hurdle race in fifteen seconds. Atkinson, South Africa, was second; Peterson, Sweden, third; Christensen, Sweden, fourth; Carl Anderson, Illinois A. C., fifth. Hal Guthrie, Ohio State, who was sixth, was disqualified.

The United States added to the big lead its athletes are piling up by points won in the final of the 110-meter hurdle race, making the point score for ten events: United States, 112; Finland, 56; Great Britain, 28 1/2; Sweden, 18 1/2; France, 9 1/2; Hungary, 7 1/2; Switzerland, 5; Norway, 4; New Zealand, 4.

Crowds Are Small
The track and field games have proved a complete failure as far as drawing crowds are concerned. The Colombes stadium looked today like Boyle's Thirty Acres on a stormy afternoon in December.

About as many spectators turned out as present themselves for an interscholastic dual meet in a small American university. The Europeans do not relish the repeated spectacle of the Stars and Stripes being hoisted to the top of the official flagstaff, and listening as the band repeatedly tunes up with the Star Spangled Banner.

The final of the 110-meter hurdle race developed a great struggle between Kinsey of the United States and Atkinson of South Africa, Kinsey winning by inches in a driving finish. Hal Guthrie had third place clinched to within twenty-five yards of the tape, when he got badly mixed up in the last two barriers, and fell back rapidly, only to be disqualified for knocking over three hurdles.

Christensen was a good third, two feet behind the leaders, Carl Anderson, Illinois, timed his leap at the last hurdle badly and fell over it, finishing in a walk. In the meantime, Guthrie had pulled himself together and struggled past the line, but fifth place was given to Anderson.

France Wins Duel
France, the land of the duel, won the sword team fencing championship of the Olympic games, defeating Italy by 21 touches to 20 in the final match. This entitled the French spectators to release some enthusiasm.

Halasy of Hungary won the Olympic clay pigeon individual shooting championship today at Issy-les-Moulineaux after a shoot-off with Dubert, Finland. Both broke ninety-eight targets. Frank H. Hughes of the United States took third after a shoot-off with Montgomery of Canada. They tied with ninety-seven breaks.

D'Heur, Belgium, was fifth, beating Scharmann, United States, in a shoot-off after they had tied at ninety-six.

In the 10,000 metre walk, Kuhn was not called off the track, the cause for the action being some talk about obscure. Harry Hinkle, Glencoe A. C., qualified for the final of the 10,000 metre walk when he finished third in the first trial heat behind Goodwin, Great Britain, and Pavesi, Italy, who was second. Time, 49 minutes, 4 seconds.

The Browns spotted the Red Sox seven runs and then came on to win, 8 to 7.

FIRST OF SERIES GOES TO TIGERS

Vernon Defeats Salt Lakers 6 to 3 as Duffy Lewis Drops Easy Fly

By BEN MCGUIRE
For Southern News Service.
LOS ANGELES, July 9.—The Tigers took the first game of the series from the Bees yesterday, 6 to 3. Manager Duffy Lewis can blame himself for the Bees' defeat when he dropped Menosky's easy fly, allowing Kimmick and Blakesley to score.

Shellenbach pitched fairly good ball for the Tigers, allowing eight hits, one being a home run by Lewis. Singleton was very wild, and was in trouble in practically every inning.

President Bill Lane, owner of the Salt Lake club, announced that he had completed negotiations whereby the Salt Lake franchise goes to Vancouver, B. C., and discussed the move with newspapermen.

When the Bees are scheduled to play in Vancouver on Sunday, the games will be transferred to Seattle, and if the Seattle club is playing at home, Vancouver will play at Bellingham, Wash.

The Seals went into the lead again yesterday when they beat the Indians 11 to 8 at Seattle in the first of the series which will decide the top position in the league at the end of the week. The Seals made six runs in the eighth inning when the score stood 7 to 4 against them.

The winning streak of the Ducks was broken yesterday by the Angels at Portland, when Los Angeles won 3 to 2. The game was won by the Angels in the ninth inning when Beck walked, Dumovitch sacrificed and Twombly and Krug singled.

The Oaks showered hits and runs on the Senators yesterday at Oakland and the home team blanked the visitors 3 to 0. Six of the Oaks' eight runs came in the third inning on eleven hits. Foster pitched superb ball, only two Solons reaching third base.

CLOSE MATCH AT OAKMONT, PLAN

Foursome Sunday to Bring Together Leading Pros Of Southwest

A foursome that will be of interest to golf fans and followers of the game is scheduled for Sunday on the links of the Oakmont Country club. It will be a thirty-six-hole match, the first round starting at 10 a. m., and the second round starting at 2 p. m.

The match will be played by Thomas Stevens, golf professional of the California Country club; Dick Linears, golf professional of the municipal course at Long Beach; Eddie Gayer, of the Hillcrest Country club, and Elmer Holland, golf professional of the Oakmont Country club.

Stevens and Linears will be matched against Gayer and Holland. Reports indicate it will be a foursome well worth watching, as all the participants are expert golf shooters, and the match is likely to be a hard fought battle from the first tee until the thirty-sixth hole is made.

Carlocks and Radio Gassers Are Winners

The Carlocks dropped the first game to the Pscener Brothers' bowling team last night in their match at the Recreation alley, but the haberdashers came back and won the second and third games and the match. There was only one score of over 200 made in this match, and it was rolled by Dawson in the second game when he got 210.

The Radio Gassers had easy pickings in their match with the furniture lads from Russell-Pierce, taking all three games. Neise of the winners and Martin of the losers tied for high score with 206 pins, both scores being made in the second game.

Smaller Cotton Area To Yield Big Return

ATLANTA, July 9.—Although the standing acreage of cotton today is 2 per cent less than a year ago, the crop condition which shows a betterment of 19 points makes it probable that the yield of the southeast will be approximately one million bales provided average conditions prevail. This would ensure the greatest buying power in this section since the war—about \$120,000,000 gross to planters based on prevailing prices for futures which are expected to be maintained.

chick, equip. only 1 mi. from new
H. S. Owner will make very at-
tractive price for sale or exch.

RIPLEY JACK & CO.

617 S. Brand, Glen. 173 M

5 ROOM HOUSE

FOR SALE OR EXCHANGE

On Milford street, 9 months old.
It's beauty. Rooms very large.
Many built-ins. Everything up to
the minute. Fine big garage. Easy
terms. Might be a snap. Call for
smaller house; furniture; diamonds;
T. D. mortgage; contract or good
cash as part payment. See Mr. Wil-
son. Owner 602 W. Broadway.
near; phone Glen. 2621-M.

ONLY \$800.00 DOWN

NEW PEBBLE DASH

5 ROOMS AND NOOK

PRICE \$6000

on lot 50x135 in one of Glendale's
best sections. House has good oak
floors throughout, walls in living
and dining rooms are tiffany fin-
ished. Two nice bedrooms, modern
kitchen and nook, dandy bath, auto-
matic water, central heating, and
with laundry. A sacrifice by build-
er. Would also consider good car
for lot in addition to cash.

THE KERS

REALTY CO.

THIS BUNGALOW

MUST BE

SOLD

Cash—Profits—Future—Every-
thing is forgotten. There is only
one answer to this owner's prob-
lem, and that is a sale—and a
quick one at that.

Here's what he has to offer—a
new, well built bungalow on a good
lot, northward, close to car and
school. Bungalow has comb. living
and dining room, two bedrooms
bath, and kitchen with shower,
garage, attractive decorations. High
grade bath and electric fixtures.
This old earth has turned out a
built-in features for comfort and
convenience.

Practical floor plan and very
attractive exterior appearance.
This property we would be glad
to list for you for \$2500 to \$6000.
We know we can deliver it \$5000
—possibly a little less. Terms \$1000
cash. Balance \$500 monthly, includ-
ing all interest in both. This place
is going to sell. Who gets it?
It's a real bargain if ever
there was one.

Barlow & Hoopes

117 W. Broadway, Ph. Glen. 3942

and garage; nice lawn and trees;
foothill district; small payment
down.

ANOTHER SNAP

\$1800

A garage house, lot 50x156; lights,
water and gas in; \$250 cash and bal.
only \$300 down.

A. J. LUCAS

GLENDALE LEADING TRADER

309 S. Brand, Glen. 169

SUPPOSE?

Suppose you knew of an old dusty,
dirty, narrow, bumpy, dirt road to
be transformed into an 80 foot CON-
CRETE business highway before
this old earth has turned out a
sun thirty times. And that this
strip will shorten the distance from
the city to Los Angeles 5 miles, and
this old road is only
a few miles from Glendale and four
miles from Hollywood, and in the
center of a fast growing city
of schools and stores today!
Would you buy some of it?
AT THE LOW ROAD PRICES ON PRACTICALLY YOUR
OWN TERMS?

WILL DO. PHONE

GLENDALE 817-M.

A REAL SLASH

WHO WANTS TO MAKE MONEY
